Bates College
The Bates College All-Sports Camp introduces young people to a wide range of athletic activities and helps them develop a variety of skills. A bove all, the program attempts to cultivate healthy attitudes about sports and competition. We want every camper to experience a genuine sense of accomplishment through participation.

Youngsters need not be exceptional athletes to attend camp. Indeed, some of our campers have never participated in sports before. N or does one need to be a beginner, as each year we enroll many who hope to play on their school’s teams. All campers should enjoy physical activity and be willing to try new things. Virtually every camper will encounter challenge as well as success.

A typical day provides six activity periods, including instructional swim. Qualified instructors teach skills as well as rules for each sport. A group stays together, giving younger the opportunity to participate. Groups range: 14 is the average size, and a counselor and a junior counselor stay with the group throughout the day. Activities change daily, ensuring variety and a broad exposure. A regular free-choice period allows campers to concentrate on areas of their special preference.

Last year the following were offered: aerobics, basketball, baseball, field hockey, fitness, floor hockey, football, elementary games, kickball, lacrosse, martial arts, orientering, Outward Bound-style challenges, racquetball, rugby, soccer, softball, speedball, swimming, team handball, tennis, track and field, ultimate Frisbee, and volleyball.

For those staying overnight, the All-Sports Camp is an opportunity to experience residential life in a college atmosphere. Older campers stay on campus as dusk and in the College’s cafeteria. The camp staff supervises dorm life and arranges evening and weekend activities for campers, including a hike for younger campers and a separate outing for those 13 and older.

STAFF
A professional staff of educators, the camp director, and carefully selected college students combine to provide a variety of choices and instructional experience. Guest lecturers visit to introduce special sports. The high staff-to-camper ratio helps ensure quality participation and safety for youngsters.

DAY CAMP
In addition to the overnight program, a day camp program is offered to youngsters in Greater Lewiston-Auburn. The day camp runs from 9 a.m. to 4:30 p.m. Monday through Friday, with hot lunch included. The activities each day are the same as those for the overnight campers. Staff is on duty at 8:30 a.m. to allow for early drop-offs and to supervise freeplay. Day campers are invited to participate in a number of evening and weekend activities.

FACILITIES
The Bates College campus is an attractive setting for summer sports camp activities. With proximity to mountains and the coast, Maine’s southern interior is ideal for outdoor activities. The Margaret Hopkins Merrill Gymnasium complex offers an eight-lane pool, indoor track, weight training rooms, and courts for tennis, squash, and racquetball. Alumni Gymnasium accommodates baseball, softball, volleyball, and indoor team sports. Outdoor team sports—football, softball, soccer, softball, lacrosse, and field hockey—take place on the College’s intercollegiate athletic fields.

The high staff-to-camper ratio helps ensure quality participation and safety for youngsters.
