Beginning in fall 1998, Bates Fall Semester Abroad students are included in the official IPEDS enrollment. Beginning in fall 1999, Bates Programs Abroad students are included in the official IPEDS enrollment. Bates Programs Abroad include Bates Fall Semester Abroad and Bates students participating in Colby/Bates/Bowdoin Fall Programs Abroad (new program in fall 1999).

³ AAFTE (Average Annual Full-time Equivalent) is calculated as (fall enrollment + winter enrollment)/2. It is used in internal reports to adjust for imbalances in fall and winter enrollments caused by study abroad programs. The AAFTE for 1999/2000 is estimated.

⁴ Headcounts for winter term 2000 and AAFTE 1999/2000 are estimated.

⁵ Class is determined by anticipated degree date. All students are considered to be full-time. Winter term enrollment is typically significantly lower than fall term enrollment because of study abroad programs.

⁶ The class of 2003 includes the first-time first year entering cohort as well as transfer students who have an anticipated degree date of 2003. There are 479 students in the first-time first year entering cohort for the fall of 1999.

Other Programs

Double Majors

Students earn *double majors* by completing all of the major requirements in any two departments.

Individual Interdisciplinary Major

Students may propose an individual interdisciplinary major should that student discover a well-defined intellectual interest that crosses one or more of the boundaries of the established fields of concentration. The individual interdisciplinary major involves a detailed program of study with courses drawn from at least two departments, but only one senior thesis and/or comprehensive examination.

Liberal Arts-Engineering Dual Degree Plan

Students study liberal arts at Bates College for three years, and then enroll in a two-year engineering program at Columbia University, Dartmouth College, Rensselaer Polytechnic Institute, Case Western Reserve University, or Washington University in St. Louis for two years. Upon completion, students receive an undergraduate degree from Bates and a bachelor of science degree in engineering from the engineering-school affiliate.

⁹ There are 24 department majors, eight interdisciplinary program majors, and 20 secondary concentrations.
