Preface (GR-9N 02-005-01)

Aetna Life Insurance Company (ALIC) is pleased to provide you with this Booklet-Certificate. Read this Booklet-Certificate carefully. The plan is underwritten by Aetna Life Insurance Company of Hartford, Connecticut (referred to as Aetna).

This Booklet-Certificate is part of the Group Insurance Policy between Aetna Life Insurance Company and the Policyholder. The Group Insurance Policy determines the terms and conditions of coverage. Aetna agrees with the Policyholder to provide coverage in accordance with the conditions, rights, and privileges as set forth in this Booklet-Certificate. The Policyholder selects the products and benefit levels under the plan. A person covered under this plan and their covered dependents are subject to all the conditions and provisions of the Group Insurance Policy.

The Booklet-Certificate describes the rights and obligations of you and Aetna, what the plan covers and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this Booklet-Certificate. Your Booklet-Certificate includes the Schedule of Benefits and any amendments or riders.

If you become insured, this Booklet-Certificate becomes your Certificate of Coverage under the Group Insurance Policy, and it replaces and supersedes all certificates describing similar coverage that Aetna previously issued to you.

Group Policyholder: President and Trustees of Bates College
Group Policy Number: GP-479722
Group Policy Effective Date: January 01, 2009
Issue Date: December 23, 2008
Booklet-Certificate Number: 2

Ronald A. Williams
Chairman, Chief Executive Officer and President

Aetna Life Insurance Company
(A Stock Company)

Important Information Regarding Availability of Coverage (GR-9N 02-005 02)

No services are covered under this Booklet-Certificate in the absence of payment of current premiums subject to the Grace Period and the Premium section of the Group Insurance Policy.

Unless specifically provided in any applicable termination or continuation of coverage provision described in this Booklet-Certificate or under the terms of the Group Insurance Policy, the plan does not pay benefits for a loss or claim for a health care, medical or dental care expense incurred before coverage starts under this plan.

This plan will not pay any benefits for any claims, or expenses incurred after the date this plan terminates.

This provision applies even if the loss, or expense, was incurred because of an accident, injury or illness that occurred, began or existed while coverage was in effect.

Please refer to the sections, “Termination of Coverage (Extension of Benefits)” and “Continuation of Coverage” for more details about these provisions.

Benefits may be modified during the term of this plan as specifically provided under the terms of the Group Insurance Policy or upon renewal. If benefits are modified, the revised benefits (including any reduction in benefits or elimination of benefits) apply to any expenses incurred for services or supplies furnished on or after the effective date of the plan modification. There is no vested right to receive any benefits described in the Group Insurance Policy or in this Booklet-Certificate.
Certificate beyond the date of termination or renewal including if the service or supply is furnished on or after the effective date of the plan modification, but prior to your receipt of amended plan documents.

Coverage for You and Your Dependents (GR-9N 02-005-01)

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only non-occupational injuries and non-occupational illnesses are covered.

Refer to the What the Plan Covers section of the Booklet-Certificate for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of Aetna or its affiliates.
When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Can Be Covered

Employees
To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class”, as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Eligible Classes
You are in an eligible class if:

- You are a retired employee of an employer participating in this plan, and you:
  - Retired before the effective date of this plan and were covered under the prior plan for health care coverage on the day before you retired; or
  - Were covered under this plan or another plan sponsored by your employer on the day before you retired; and
  - Have completed 15 years of service and are age 55 or over.

Determining if You Are in an Eligible Class
You are in an eligible class if:

- You are a regular part-time or full-time employee, as defined by your employer.

Probationary Period
Once you enter an eligible class, you will need to complete the probationary period before your coverage under this plan begins.

Determining When You Become Eligible
You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan
If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan
If you are hired or enter an eligible class after the effective date of this plan, your coverage eligibility date is the first day of the month after the date you complete 1 month of continuous service with your employer. This is defined as the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.
Obtaining Coverage for Dependents (GR-9N-29-010-01 ME)
Your dependents can be covered under your plan. You may enroll the following dependents:

- Your legal spouse; or
- Your domestic partner who meets the rules set by the state of Maine; and
- Your dependent children.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under the plan. This determination will be conclusive and binding upon all persons for the purposes of this plan.

Coverage for Domestic Partner (GR-9N-29-010-01 ME)
To be eligible for coverage, you and your domestic partner will need to complete and sign a Declaration of Domestic Partnership.

Coverage for Dependent Children
To be eligible, a dependent child must be:

- Unmarried; and
- Under 19 years of age; or
- Under age 25, as long as he or she is a full-time student at an accredited institution of higher education and solely depends on your support*. If he or she is unable to remain in school on a full-time basis due to a mental or physical illness or an accidental injury, coverage may continue until he or she reaches the age at which coverage for dependent children who are students would otherwise terminate. Aetna will have the right to require that the student provide written proof from a health care provider and the student's school that the student is no longer enrolled in school on a full-time basis due to a mental or physical illness or accidental injury.

* Note: Proof of full-time student status is required each year. This means that the child is enrolled as an undergraduate student with a total course load of at least 12 credits or is enrolled as a graduate student with a total course load of at least 9 credits.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child who lives with you in a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See Handicapped Dependent Children for more information.

Important Reminder
Keep in mind that you cannot receive coverage under the plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.
Annual Enrollment
During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period.

When Your Coverage Begins

Your Effective Date of Coverage
Your coverage takes effect on the date you are eligible for coverage.

Your Dependent’s Effective Date of Coverage
Your dependent’s coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan by then.

Note: New dependents need to be reported to Aetna within 31 days because they may affect your contributions.

Retired Employees
In lieu of corresponding rules which apply to employees:

- If any health expense benefits are payable based on a "period of disability", the rule which applies to determine when a dependent's period of disability ends will also apply to you.
- The rule which applies to a dependent to determine if total disability exists when health expense insurance ends will also apply to you.
Requirements For Coverage (GR-9N 09-005 01 ME)

To be covered by the plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the plan. For a service or supply to be covered, it must:
   - Be included as a covered expense in this Booklet-Certificate;
   - Not be an excluded expense under this Booklet-Certificate. Refer to the Exclusions sections of this Booklet-Certificate for a list of services and supplies that are excluded;
   - Not exceed the maximums and limitations outlined in this Booklet-Certificate. Refer to the What the Plan Covers section and the Schedule of Benefits for information about certain expense limits; and
   - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet-Certificate.

2. The service or supply must be provided while coverage is in effect. See the Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends and Continuation of Coverage sections for details on when coverage begins and ends.

3. The health care must be medically necessary. “Medically necessary health care” means health care services or products provided to an enrollee for the purpose of preventing, diagnosing or treating an illness, injury or disease or the symptoms of an illness, injury or disease in a manner that is:
   (a) Consistent with generally accepted standards of medical practice;
   (b) Clinically appropriate in terms of type, frequency, extent, site and duration;
   (c) Demonstrated through scientific evidence to be effective in improving health outcomes;
   (d) Representative of “best practices” in the medical profession; and
   (e) Not primarily for the convenience of the enrollee or physician or other health care practitioner.

**Important Note**
- Not every service, supply that fits the definition for medical necessity is covered by the plan. Exclusions and limitations apply to certain dental services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the What the Plan Covers section and the Schedule of Benefits for the plan limits and maximums.
How Your Aetna Dental Plan Works

Understanding Your Aetna Dental Plan

It is important that you have the information and useful resources to help you get the most out of your Aetna dental plan. This Booklet-Certificate explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What services and supplies are covered and what limits may apply;
- What services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage and general administration of the plan.

Important Notes:
Unless otherwise indicated, "you" refers to you and your covered dependents. You can refer to the Eligibility section for a complete definition of "you".

This Booklet-Certificate applies to coverage only and does not restrict your ability to receive covered expenses that are not or might not be covered expenses under this dental plan.

Store this Booklet-Certificate in a safe place for future reference.

Getting Started: Common Terms

Many terms throughout this Booklet-Certificate are defined in the Glossary Section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About the Comprehensive Dental Plan

This dental plan covers a wide range of necessary dental services and supplies. You have the freedom to choose the dental provider of your choice.

The comprehensive dental plan begins to pay benefits after you satisfy a deductible.

You share the cost of covered services and supplies by paying a portion of certain expenses (your coinsurance).

If your dentist charges more than the recognized charge, you must also pay any expenses above the recognized charge.

You must file a claim to receive reimbursement from the plan.
Important Reminder
Refer to the Schedule of Benefits for details about any deductibles, coinsurance and maximums that apply.

Getting an Advance Claim Review (GR-9N 16-035-01)

The purpose of the advance claim review is to determine, in advance, the benefits the plan will pay for proposed services. Knowing ahead of time which services are covered by the plan, and the benefit amount payable, helps you and your dentist make informed decisions about the care you are considering.

Important Note
The pre-treatment review process is not a guarantee of benefit payment, but rather an estimate of the amount or scope of benefits to be paid.

When to Get an Advance Claim Review
An advance claim review is recommended whenever a course of dental treatment is likely to cost more than $350. Ask your dentist to write down a full description of the treatment you need, using either an Aetna claim form or an ADA approved claim form. Then, before actually treating you, your dentist should send the form to Aetna. Aetna may request supporting x-rays and other diagnostic records. Once all of the information has been gathered, Aetna will review the proposed treatment plan and provide you and your dentist with a statement outlining the benefits payable by the plan. You and your dentist can then decide how to proceed.

The advance claim review is voluntary. It is a service that provides you with information that you and your dentist can consider when deciding on a course of treatment. It is not necessary for emergency treatment or routine care such as cleaning teeth or check-ups.

In determining the amount of benefits payable, Aetna will take into account alternate procedures, services, or courses of treatment for the dental condition in question in order to accomplish the anticipated result. (See Benefits When Alternate Procedures Are Available for more information on alternate dental procedures.)

What is a Course of Dental Treatment?
A course of dental treatment is a planned program of one or more services or supplies. The services or supplies are provided by one or more dentists to treat a dental condition that was diagnosed by the attending dentist as a result of an oral examination. A course of treatment starts on the date your dentist first renders a service to correct or treat the diagnosed dental condition.

What The Plan Covers (GR-9N 18-005-01)

Comprehensive Dental Plan
Schedule of Benefits for the Comprehensive Dental Plan

Comprehensive Dental is merely a name of the benefits in this section. The plan does not pay a benefit for all dental care expenses you incur.

Important Reminder
Your dental services and supplies must meet the following rules to be covered by the plan:

- The services and supplies must be medically necessary.
- The services and supplies must be covered by the plan.
- You must be covered by the plan when you incur the expense.

Covered expenses include charges made by a dentist for the services and supplies that are listed in the dental care schedule as shown in the Schedule of Benefits.
The next sentence applies if:

- A charge is made for an unlisted service given for the dental care of a specific condition; and
- The list includes one of more services that, under standard practices, are separately suitable for the dental care of that condition.

In that case, the charge will be considered to have been made for a service in the list that Aetna determines would have produced a professionally acceptable result.

**Dental Care Schedule**
The dental care schedule is a list of dental expenses that are covered by the plan. There are several categories of covered expenses:

- Preventive
- Diagnostic
- Restorative
- Oral surgery
- Endodontics
- Periodontics

These covered services and supplies are grouped as Type A or Type B.

**Important Reminder** *(GR-9N 18-010-01)*
The deductible, coinsurance and maximums that apply to each type of dental care are shown in the *Schedule of Benefits.*

**Type A Expenses: Diagnostic and Preventive Care**

**Visits and X-Rays**
Office visit during regular office hours, for oral examination
  - Routine comprehensive or recall examination (limited to 2 visits every year)
  - Problem-focused examination (limited to 2 visits every year)
Prophylaxis (cleaning) (limited to 2 treatments per year)
  - Adult
  - Child
Topical application of fluoride, (limited to one course of treatment per year and to children under age 16)
Sealants, per tooth (limited to one application every 3 years for permanent molars only, and to children under age 16)
Bitewing X-rays (limited to 1 set per year)
Complete X-ray series, including bitewings if necessary, or panoramic film (limited to 1 set every 3 years)
Vertical bitewing X-rays (limited to 1 set every 3 years)

**Space Maintainers** Only when needed to preserve space resulting from premature loss of primary teeth. (Includes all adjustments within 6 months after installation.)
  - Fixed (unilateral or bilateral)
  - Removable (unilateral or bilateral)

**Type B Expenses: Basic Restorative Care**

**Visits and X-Rays**
Professional visit after hours (payment will be made on the basis of services rendered or visit, whichever is greater)
Emergency palliative treatment, per visit
Periapical x-rays (single films up to 13)
X-Ray and Pathology

Intra-oral, occlusal view, maxillary or mandibular
Upper or lower jaw, extra-oral
Biopsy and histopathologic examination of oral tissue

Oral Surgery
Extractions
- Erupted tooth or exposed root
- Coronal remnants
- Surgical removal of erupted tooth/root tip
Impacted Teeth
- Removal of tooth (soft tissue)
- Removal of tooth (partially bony)
- Removal of tooth (completely bony)
Odontogenic Cysts and Neoplasms
- Incision and drainage of abscess
- Removal of odontogenic cyst or tumor
Other Surgical Procedures
- Alveoplasty, in conjunction with extractions - per quadrant
- Alveoplasty, in conjunction with extractions, 1 to 3 teeth or tooth spaces - per quadrant
- Alveoplasty, not in conjunction with extraction - per quadrant
- Alveoplasty, not in conjunction with extractions, 1 to 3 teeth or tooth spaces - per quadrant
- Sialolithotomy: removal of salivary calculus
- Closure of salivary fistula
- Excision of hyperplastic tissue
- Removal of exostosis
- Transplantation of tooth or tooth bud
- Closure of oral fistula of maxillary sinus
- Sequestrectomy
- Crown exposure to aid eruption
- Removal of foreign body from soft tissue
- Frenectomy
- Suture of soft tissue injury

Periodontics
Occlusal adjustment (other than with an appliance or by restoration)
Root planing and scaling, per quadrant (limited to 4 separate quadrants every 2 years)
Root planing and scaling – 1 to 3 teeth per quadrant (limited to once per site every 2 years)
Gingivectomy, per quadrant (limited to 1 per quadrant every 3 years)
Gingivectomy, 1 to 3 teeth per quadrant, limited to 1 per site every 3 years
Gingival flap procedure - per quadrant (limited to 1 per quadrant every 3 years)
Gingival flap procedure – 1 to 3 teeth per quadrant (limited to 1 per site every 3 years)
Periodontal maintenance procedures following active therapy (limited to 2 per year)
Localized delivery of antimicrobial agents
Osseous surgery (including flap and closure), 1 to 3 teeth per quadrant, limited to 1 per site, every 3 years
Osseous surgery (including flap and closure), per quadrant, limited to 1 per quadrant, every 3 years
Soft tissue graft procedures
Clinical crown lengthening - hard tissue

Endodontics
Pulp capping
Pulpotomy
Apexification/recalcification
Apicoectomy
Root canal therapy including necessary X-rays
   Anterior
   Bicuspid
   Molar

**Restorative Dentistry** Excludes inlays, crowns (other than prefabricated stainless steel or resin) and bridges. (Multiple restorations in 1 surface will be considered as a single restoration.)
Amalgam restorations
Resin-based composite restorations (other than for molars)
Pins
   Pin retention—per tooth, in addition to amalgam or resin restoration
Crowns (when tooth cannot be restored with a filling material)
   Prefabricated stainless steel
   Prefabricated resin crown (excluding temporary crowns)
Recementation
   Inlay
   Crown
   Bridge
Full and partial denture repairs
   Broken dentures, no teeth involved
   Repair cast framework
   Replacing missing or broken teeth, each tooth
   Adding teeth to existing partial denture
   Each tooth
   Each clasp

**General Anesthesia and Intravenous Sedation** (only when medically necessary and only when provided in conjunction with a covered surgical procedure)

**Comprehensive Dental Expense Coverage Plan (GR-9N 18-006-01)**

(If you have medical coverage and have at least one of the following conditions:

- Pregnancy;
- Coronary artery disease/cardiovascular disease;
- Cerebrovascular disease; or
- Diabetes

**Additional Covered Dental Expenses**

- One additional prophylaxis (cleaning) per year.
- Scaling and root planing, (4 or more teeth); per quadrant;
- Scaling and root planing (limited to 1-3 teeth); per quadrant;
- Full mouth debridement;
- Periodontal maintenance (one additional treatment per year); and
- Localized delivery of antimicrobial agents. (Not covered for pregnancy)

**Payment of Benefits**
The additional prophylaxis, the benefit will be payable the same as other prophylaxis under the plan.
The plan coinsurance applied to the other covered dental expenses above will be 100%. These additional benefits will not be subject to any frequency limits except as shown above or any Calendar Year maximum.

**Aetna** will reimburse the provider directly, or you may pay the provider directly and then submit a claim for reimbursement for covered expenses.

## Rules and Limits That Apply to the Dental Plan *(GR-9N 20-005-01)*

Several rules apply to the dental plan. Following these rules will help you use the plan to your advantage by avoiding expenses that are not covered by the plan.

### Replacement Rule *(GR-9N 20-010-01)*
Crowns, inlays, onlays and veneers, complete dentures, removable partial dentures, fixed partial dentures (bridges) and other prosthetic services are subject to the plan's replacement rule. That means certain replacements of, or additions to, existing crowns, inlays, onlays, veneers, dentures or bridges are covered only when you give proof to **Aetna** that:

- While you were covered by the plan, you had a tooth (or teeth) extracted after the existing denture or bridge was installed. As a result, you need to replace or add teeth to your denture or bridge.
- The present crown, inlay and onlay, veneer, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic service was installed at least 8 years before its replacement and cannot be made serviceable.
- You had a tooth (or teeth) extracted while you were covered by the plan. Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

### Tooth Missing but Not Replaced Rule
The first installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services will be covered if:

- The dentures, bridges or other prosthetic services are needed to replace one or more natural teeth that were removed while you were covered by the plan; and
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 8 years. The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

### Alternate Treatment Rule *(GR-9N-20-015-01)*

Sometimes there are several ways to treat a dental problem, all of which provide acceptable results. When alternate services or supplies can be used, the plan's coverage will be limited to the cost of the least expensive service or supply that is:

- Customarily used nationwide for treatment, and
- Deemed by the dental profession to be appropriate for treatment of the condition in question. The service or supply must meet broadly accepted standards of dental practice, taking into account your current oral condition.

You should review the differences in the cost of alternate treatment with your dental provider. Of course, you and your dental provider can still choose the more costly treatment method. You are responsible for any charges in excess of what the plan will cover.
Coverage for Dental Work Begun Before You Are Covered by the Plan

The plan does not cover dental work that began before you were covered by the plan. This means that the following dental work is not covered:

- An appliance, or modification of an appliance, if an impression for it was made before you were covered by the plan;
- A crown, bridge, or cast or processed restoration, if a tooth was prepared for it before you were covered by the plan; or
- Root canal therapy, if the pulp chamber for it was opened before you were covered by the plan.

Coverage for Dental Work Completed After Termination of Coverage

Your dental coverage may end while you or your covered dependent is in the middle of treatment. The plan does not cover dental services that are given after your coverage terminates. There is an exception. The plan will cover the following services if they are ordered while you were covered by the plan, and installed within 90 days after your coverage ends.

- Inlays;
- Onlays;
- Crowns;
- Removable bridges;
- Cast or processed restorations;
- Dentures;
- Fixed partial dentures (bridges); and
- Root canals.

"Ordered" means:

- For a denture: the impressions from which the denture will be made were taken.
- For a root canal: the pulp chamber was opened.
- For any other item: the teeth which will serve as retainers or supports, or the teeth which are being restored:
  - Must have been fully prepared to receive the item; and
  - Impressions have been taken from which the item will be prepared.

Late Entrant Rule

The plan does not cover services and supplies given to a person age 5 or more if that person did not enroll in the plan:

- During the first 31 days the person is eligible for this coverage, or
- During any period of open enrollment agreed to by the Policyholder and Aetna.

This exclusion does not apply to charges incurred:

- After the person has been covered by the plan for 12 months, or
- As a result of injuries sustained while covered by the plan, or
- For services listed as Visits and X-rays, Visits and Exams, and X-ray and Pathology in the Dental Care Schedule.
What The Comprehensive Dental Plan Does Not Cover

Not every dental care service or supply is covered by the plan, even if prescribed, recommended, or approved by your physician or dentist. The plan covers only those services and supplies that are medically necessary and included in the What the Plan Covers section. Charges made for the following are not covered except to the extent listed under the What the Plan Covers section or by amendment attached to this Booklet-Certificate. In addition, some services are specifically limited or excluded. This section describes expenses that are not covered or subject to special limitations.

These dental exclusions are in addition to the exclusions that apply to health coverage.

Any instruction for diet, plaque control and oral hygiene.

**Cosmetic** services and supplies including plastic surgery, reconstructive surgery, cosmetic surgery, personalization or characterization of dentures or other services and supplies which improve alter or enhance appearance, augmentation and vestibuloplasty, and other substances to protect, clean, whiten bleach or alter the appearance of teeth; whether or not for psychological or emotional reasons; except to the extent coverage is specifically provided in the What the Plan Covers section.

Crown, inlays and onlays, and veneers unless:

- It is treatment for decay or traumatic injury and teeth cannot be restored with a filling material; or
- The tooth is an abutment to a covered partial denture or fixed bridge.

Dental implants, false teeth, prosthetic restoration of dental implants, plates, dentures, braces, mouth guards, and other devices to protect, replace or reposition teeth and removal of implants.

Dental services and supplies that are covered in whole or in part:

- Under any other part of this plan; or
- Under any other plan of group benefits provided by the policyholder.

Dentures, crowns, inlays, onlays, bridges, or other appliances or services used for the purpose of splinting, to alter vertical dimension, to restore occlusion, or correcting attrition, abrasion, or erosion.

Except as covered in the What the Plan Covers section, treatment of any jaw joint disorder and treatments to alter bite or the alignment or operation of the jaw, including temporomandibular joint disorder (TMJ) treatment, orthognathic surgery, and treatment of malocclusion or devices to alter bite or alignment.

First installation of a denture or fixed bridge, and any inlay and crown that serves as an abutment to replace congenitally missing teeth or to replace teeth all of which were lost while the person was not covered.

General anesthesia and intravenous sedation, unless specifically covered and only when done in connection with another necessary covered service or supply. This exclusion does not apply to anesthesia or Hospital services performed for an inpatient or outpatient dental procedure, including infants, exhibiting physical, intellectual or medically compromising conditions for which dental treatment under local anesthesia, with or without additional adjunctive techniques and modalities, cannot be expected to provide a successful result and for which dental treatment under general anesthesia can be expected to produce a superior result; patients demonstrating dental treatment needs for which local anesthesia is ineffective because of acute infection, anatomic variation or allergy; extremely uncooperative, fearful, anxious or uncommunicative children or adolescents with dental needs of such magnitude that treatment should not be postponed or deferred and for whom lack of treatment can be expected to result in dental or oral pain or infection, loss of teeth or other increased oral or dental morbidity; and patients who have sustained extensive oral-facial or dental trauma for which treatment under local anesthesia would be ineffective or compromised.
**Orthodontic treatment** except as covered in the *What the Plan Covers* section.

Pontics, crowns, cast or processed restorations made with high noble metals (gold or titanium).

Prescribed drugs; pre-medication; or analgesia.

Replacement of a device or appliance that is lost, missing or stolen, and for the replacement of appliances that have been damaged due to abuse, misuse or neglect and for an extra set of dentures.

Services and supplies done where there is no evidence of pathology, dysfunction, or disease other than covered preventive services.

Services and supplies provided for your personal comfort or convenience, or the convenience of any other person, including a provider.

Services and supplies provided in connection with treatment or care that is not covered under the plan.

Space maintainers except when needed to preserve space resulting from the premature loss of deciduous teeth.

Surgical removal of impacted wisdom teeth only for orthodontic reasons.

Treatment by other than a **dentist**. However, the plan will cover some services provided by a licensed dental hygienist under the supervision and guidance of a **dentist**. These are:

- Scaling of teeth; and
- Cleaning of teeth.

### Additional Items Not Covered By A Health Plan

Not every health service or supply is covered by the plan, even if prescribed, recommended, or approved by your **physician** or **dentist**. The plan covers only those services and supplies that are **medically necessary** and included in the *What the Plan Covers* section. Charges made for the following are not covered except to the extent listed under the *What The Plan Covers* section or by amendment attached to this Booklet-Certificate.

Acupuncture, acupressure and acupuncture therapy, except as provided in the *What the Plan Covers* section.

Any charges in excess of the benefit, dollar, day, visit or supply limits stated in this Booklet-Certificate.

Charges submitted for services by an unlicensed **hospital**, **physician** or other provider or not within the scope of the provider’s license.

Charges submitted for services that are not rendered, or not rendered to a person not eligible for coverage under the plan.

Court ordered services, except for court-mandated substance abuse treatment, including those required as a condition of parole or release.

Examinations:

- Any dental examinations:
  - required by a third party, including examinations and treatments required to obtain or maintain employment, or which an employer is required to provide under a labor agreement;
  - required by any law of a government, securing insurance or school admissions, or professional or other licenses;
− required to travel, attend a school, camp, or sporting event or participate in a sport or other recreational activity; and
− any special medical reports not directly related to treatment except when provided as part of a covered service.

**Experimental or investigational** drugs, devices, treatments or procedures, except as described in the *What the Plan Covers* section.

Medicare: Payment for that portion of the charge for which Medicare or another party is the primary payer.

Miscellaneous charges for services or supplies including:

- Cancelled or missed appointment charges or charges to complete claim forms;
- Charges the recipient has no legal obligation to pay; or the charges would not be made if the recipient did not have coverage (to the extent exclusion is permitted by law) including:
  - Care in charitable institutions;
  - Care for conditions related to current or previous military service; or
  - Care while in the custody of a governmental authority.

Non-**medically necessary** services, including but not limited to, those treatments, services, prescription drugs and supplies which are not medically necessary, as determined by Aetna, for the diagnosis and treatment of illness, injury, restoration of physiological functions, or covered preventive services. This applies even if they are prescribed, recommended or approved by your physician or dentist.

Routine dental exams and other preventive services and supplies, except as specifically provided in the *What the Plan Covers* section.

Services rendered before the effective date or after the termination of coverage, unless coverage is continued under the Continuation of Coverage section of this Booklet-Certificate.

Work related: Any illness or injury related to employment or self-employment including any injuries that arise out of (or in the course of) any work for pay or profit, unless no other source of coverage or reimbursement is available to you for the services or supplies. Sources of coverage or reimbursement may include your employer, workers’ compensation, or an occupational illness or similar program under local, state or federal law. A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. If you are also covered under a workers’ compensation law or similar law, and submit proof that you are not covered for a particular illness or injury under such law, that illness or injury will be considered “non-occupational” regardless of cause.

**When Coverage Ends**

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

**When Coverage Ends for Employees** *(GR-9N 30-005 01 ME)*

Your coverage under the plan will end if:

- The plan is discontinued;
- You voluntarily stop your coverage;
- The group policy ends;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your medical plan, if your plan contains such a maximum benefit; or
- Your employment stops. This will be either the date you stop active work, or the day before the first premium due date that occurs after you stop active work. However, if premium payments are made on your behalf, your coverage may continue until stopped by your employer as described below:
  - If you are not at work due to disease or injury, your employment may be continued until stopped by your employer, but not beyond 30 months from the start of the absence.
  - If you are not at work due to temporary lay-off or leave of absence, your coverage will stop on your last full day of active work before the start of the lay-off or leave of absence.

It is your employer's responsibility to let Aetna know when your employment ends. The limits above may be extended only if Aetna and your employer agree, in writing, to extend them.

**When Coverage Ends for Dependents**
Coverage for your dependents will end if:

- You are no longer eligible for dependents’ coverage;
- You do not make the required contribution toward the cost of dependents’ coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends for Employees* (other than exhaustion of your overall maximum lifetime benefit, if included);
- Your dependent is no longer eligible for coverage. In this case, coverage ends at the end of the calendar month when your dependent no longer meets the plan’s definition of a dependent; or
- Your dependent becomes eligible for comparable benefits under this or any other group plan offered by your employer.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The date of termination of the domestic partnership. In that event, you should provide your Employer with a completed and signed Declaration of Termination of Domestic Partnership.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after your dependent reaches any limiting age. See *Continuation of Coverage* for more information.

**Continuation of Coverage**

**Continuing Health Care Benefits (GR-9N 31-015 01-ME)**

**Continuing Coverage**
If you:

- terminate employment due to a temporary lay-off; or
- lose employment due to an injury or disease that you claim to be compensable under workers' compensation;

You may continue any Health Expense Coverage (except Comprehensive Dental Expense Coverage) then in force if:

- you have been employed by your employer for at least 6 months;
- you are not eligible for Medicare;
- you are not covered for like benefits;
- you are not eligible for like benefits under any group plan;
- you are not eligible for continuation of like benefits because of any state or federal law; and
- premium payments are continued.
The coverage may be continued for you or any of your dependents who have been covered as your dependent for at least 3 months or for you and any such dependents. If a dependent has not been eligible for 3 months, the dependent must have been covered at all times while eligible.

You have to make request in writing for this continuation. This must be done within 31 days of the date coverage would otherwise cease. The request must include an agreement to pay up to 102% of the applicable group rate.

Coverage will cease on the first to occur of:

- The date you are eligible for coverage under any other group plan.
- The date you fail to make the contributions needed.
- The date the Workers' Compensation Commission determines that the disease or injury, that entitled the person to continued coverage, is not compensable.
- The end of a one year period which starts on the date coverage would otherwise cease.

Coverage of a dependent will cease earlier when the dependent ceases to be a defined dependent.

If any coverage being continued ceases because it has been continued for one year, the person may apply for a personal policy in accordance with the Conversion Privilege. If it ceases for any other reason, the Conversion Privilege is not available.

**Handicapped Dependent Children (GR-9N 31-015 01 ME)**

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to Aetna no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. Aetna also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

**Extension of Benefits (GR-9N-31-020-01 ME)**

**Coverage for Health Benefits**

If your health benefits end while you are totally disabled, your health expenses will be extended as described below. To find out why and when your coverage may end, please refer to When Coverage Ends.
The words “totally disabled” mean:

- For a person who was gainfully employed before the disability started:
  - That due to injury or disease, the person is not able to engage in any gainful job for which he or she is reasonably suited by:
    - training; or
    - education; or
    - experience.
- For any other person:
  - That due to injury or disease, the person is not able to engage in most of the normal activities of a person of like age in good health.

**Extended Health Coverage** (GR-9N-31.020.01 ME)

*Dental Benefits (other than Basic Dental benefits)*: Coverage will be available while you are totally disabled, for up to 12 months. Coverage will be available only if covered services and supplies have been rendered and received, including delivered and installed, prior to the end of that 12 month period.

**When Extended Health Coverage Ends**

Extension of benefits will end on the first to occur of the date:

- You are no longer totally disabled, or become covered under any other group plan with like benefits.
- Your dependent is no longer totally disabled, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)

**Important Note**

If the Extension of Benefits provision outlined in this section applies to you or your covered dependents, see the *Converting to an Individual Health Insurance Policy* section for important information.

**COBRA Continuation of Coverage**

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of premiums. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

**Continuing Coverage through COBRA**

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required premiums.
**Who Qualifies for COBRA**

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

<table>

**Disability May Increase Maximum Continuation to 29 Months**

*If You or Your Covered Dependents Are Disabled.*

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the premiums after the 18th month, through the 29th month.

*If There Are Multiple Qualifying Events.*

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.
Determining Your Premium Payments for Continuation Coverage
Your premium payments are regulated by law, based on the following:

- For the 18 or 36 month periods, premiums may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, premiums for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period
If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional premiums for continuation are paid on a timely basis.

Important Note
For more information about dependent eligibility, see the Eligibility, Enrollment and Effective Date section.

When Your COBRA Continuation Coverage Ends
Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required premiums.
- You or your covered dependents become covered under another group plan that does not restrict coverage for pre-existing conditions. If your new plan limits pre-existing condition coverage, the continuation coverage under this plan may remain in effect until the pre-existing clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Conversion from a Group to an Individual Plan
You may be eligible to apply for an individual health plan without providing proof of good health:

- At the termination of employment.
- When loss of coverage under the group plan occurs.
- When loss of dependent status occurs.
- At the end of the maximum health coverage continuation period.

The individual policy will not provide the same coverage as the former group plan offered by your employer. Certain benefits may not be available. You will be required to pay the associated premium costs for the coverage. For additional conversion information, contact your employer or call the toll-free number on your member ID card.
Coordination of Benefits - What Happens When There is More Than One Health Plan

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to this plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and copayments and without reduction of any applicable deductible, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or recognized charges, any amount in excess of the highest of the reasonable or recognized charges for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or recognized charges and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s
payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the policy that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.
Which Plan Pays First

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:

1. Non-Dependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.

2. Child Covered Under More than One Plan. The order of benefits when a child is covered by more than one plan is:
   A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
      i. The parents are married or living together whether or not married;  
      ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
   B. If the specific terms of a court decree state that one of the parents is responsible for the child’s health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child’s health care expenses, but that parent’s spouse does, the plan of the parent’s spouse is the primary plan.
   C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
      − The plan of the custodial parent;  
      − The plan of the spouse of the custodial parent;  
      − The plan of the noncustodial parent; and then  
      − The plan of the spouse of the noncustodial parent.

   For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.

3. Active Employee or Retired or Laid off Employee. The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

4. Continuation Coverage. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person’s dependent) is primary, and the continuation coverage is secondary. If the other plan...
does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, or subscriber longer is primary.

6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, This Plan will not pay more than it would have paid had it been primary.

**How Coordination of Benefits Works** *(GR 9N S 33-015 02 ME)*

In determining the amount to be paid when this plan is secondary on a claim, the secondary plan will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any allowable expense under this plan that was unpaid by the primary plan. The amount will be reduced so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100% of the total allowable expense.

In addition, a secondary plan will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of This Plan, the amount normally reimbursed for covered benefits or expenses under This Plan is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under This Plan for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of This Plan and another plan both agree that This Plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more closed panel plans COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

**Credit Toward Deductible of Secondary Plan**

When you or your dependent is covered under more than one expense-incurred medical plan, expenses for eligible benefits covered under the secondary plan shall be credited toward the **deductible** of the secondary plan for any:

- payments made by the primary plan;
- payments made by you;
- and payments made from a health savings account, or similar fund.

This section does not apply if the secondary plan is supplemental to the primary plan.

**Right To Receive And Release Needed Information**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

**Facility of Payment**

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.
Right of Recovery
If the amount of the payments made by Aetna is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.
When You Have Medicare Coverage

This section explains how the benefits under This Plan interact with benefits available under Medicare.

Medicare, when used in this Booklet-Certificate, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of Medicare.

You are eligible for Medicare if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease; or
- Not covered under it because you:
  1. Refused it;
  2. Dropped it; or
  3. Failed to make a proper request for it.

If you are eligible for Medicare, the plan coordinates the benefits it pays with the benefits that Medicare pays. Sometimes, the plan is the primary payor, which means that the plan pays benefits before Medicare pays benefits. Under other circumstances, the plan is the secondary payor, and pays benefits after Medicare.

Which Plan Pays First

The plan is the primary payor when your coverage for the plan’s benefits is based on current employment with your employer. The plan will act as the primary payor for the Medicare beneficiary who is eligible for Medicare:

- Solely due to age if the plan is subject to the Social Security Act requirements for Medicare with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for Medicare benefits. This provision does not apply if, at the start of eligibility, you were already eligible for Medicare benefits, and the plan’s benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the plan meets the definition of a large group health plan as outlined in the Internal Revenue Code (i.e., generally a plan of an employer with 100 or more employees).

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The plan pays benefits first when it is the primary payor. You may then submit your claim to Medicare for consideration.
When Medicare is Primary
Your health care expense must be considered for payment by Medicare first. You may then submit the expense to Aetna for consideration.

Aetna will calculate the benefits the plan would pay in the absence of Medicare:

The amount will be reduced so that when combined with the amount paid by Medicare, the total benefits paid or provided by all plans for the claim do not exceed 100% of the total allowable expense.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under Medicare will be applied under the plan in the order received by Aetna. Aetna will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information
Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under This Plan and other plans. Aetna has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.
General Provisions

Type of Coverage

Coverage under the plan is non-occupational. Only non-occupational accidental injuries and non-occupational illnesses are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

The following information does not apply to Life Insurance.

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Confidentiality

Information contained in your medical records and information received from any provider incident to the provider-patient relationship shall be kept confidential in accordance with applicable law. Information may be used or disclosed by Aetna when necessary for your care or treatment, the operation of the plan and administration of this Booklet-Certificate, or other activities, as permitted by applicable law. You can obtain a copy of Aetna’s Notice of Information Practices by calling Aetna’s toll-free Member Service telephone.

Additional Provisions

The following additional provisions apply to your coverage.

- This Booklet-Certificate applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. Additional provisions are described elsewhere in the group policy. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or Aetna.
- Your employer hopes to continue the plan indefinitely but, as with all group plans, the plan may be changed or discontinued with respect to your coverage.
Assignments  *(GR-9N 32-005-02 ME)*

Coverage may be assigned only with the written consent of Aetna. To the extent allowed by law, Aetna will not accept an assignment to a provider or facility including but not limited to, an assignment of:

- The benefits due under this group insurance policy;
- The right to receive payments due under this group insurance policy; or
- Any claim you make for damages resulting from a breach or alleged breach, of the terms of this group insurance policy.

**Misstatements**

If any fact as to the Policyholder or you is found to have been misstated, a fair change in premiums may be made. If the misstatement affects the existence or amount of coverage, the true facts will be used in determining whether coverage is or remains in force and its amount.

All statements made by the Policyholder or you shall be deemed representations and not warranties. No written statement made by you shall be used by Aetna in a contest unless a copy of the statement is or has been furnished to you or your beneficiary, or the person making the claim.

Aetna’s failure to implement or insist upon compliance with any provision of this policy at any given time or times, shall not constitute a waiver of Aetna’s right to implement or insist upon compliance with that provision at any other time or times. This includes, but is not limited to, the payment of premiums. This applies whether or not the circumstances are the same.

**Incontestability**

As to Accident and Health Benefits:

Except as to a fraudulent misstatement, or issues concerning Premiums due:

- No statement made by the Policyholder or you or your dependent shall be the basis for voiding coverage or denying coverage or be used in defense of a claim unless it is in writing after it has been in force for 2 years from its effective date.
- No statement made by the Policyholder shall be the basis for voiding this Policy after it has been in force for 2 years from its effective date.
- No statement made by you, an eligible employee or your dependent shall be used in defense of a claim for loss incurred or starting after coverage as to which claim is made has been in effect for 2 years.

**Recovery of Overpayments  *(GR-9N-S-30-015-01)***

**Health Coverage**

If a benefit payment is made by Aetna, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, Aetna has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery Aetna may have with respect to such overpayment.
Reporting of Claims

A claim must be submitted to Aetna in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, Aetna has the right to pay any health benefits to the service provider. This will be done unless you have told Aetna otherwise by the time you file the claim.

Aetna will notify you in writing, at the time it receives a claim, when an assignment of benefits to a health care provider or facility will not be accepted.

Any unpaid balance will be paid within 30 days of receipt by Aetna of the due written proof.

Aetna may pay up to $2,000 of any other benefit to any of your relatives whom it believes are fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release. It can also be done if a benefit is payable to your estate.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of dentists who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to Aetna, you may contact Aetna’s Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use Aetna’s toll free Member Services phone number on your ID card or visit Aetna’s web site at www.aetna.com/docfind/custom/aahc.
Effect of Benefits Under Other Plans (GR-9N 32035-01)

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage
If you are in an eligible class and have chosen dental coverage under an HMO Plan offered by your employer, you will be excluded from dental expense coverage on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan providing dental coverage, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change dental coverage during an open enrollment period, coverage will take effect on the group policy anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change dental coverage when there is not an open enrollment period, coverage will take effect only if and when Aetna gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change dental coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when Aetna gives its written consent.

Any extension of dental benefits under this plan will not apply on or after the date of a change to an HMO Plan.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Effect of Prior Coverage - Transferred Business (GR-9N 32040-01)
If your coverage under any part of this plan replaces any prior coverage for you, the rules below apply to that part.

"Prior coverage" is any plan of group coverage that has been replaced by coverage under part or all of this plan; it must have been sponsored by your employer (e.g., transferred business). The replacement can be complete or in part for the eligible class to which you belong. Any such plan is prior coverage if provided by another group contract or any benefit section of this plan.

Coverage under any other section of this plan will be in exchange for all privileges and benefits provided under any like prior coverage. Any benefits provided under such prior coverage may reduce benefits payable under this plan.

Discount Programs (GR-9N 32045-01)

Discount Arrangements
From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, dentists, alternative medicine, wellness and health living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to Aetna in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.
Incentives (GR-9N 32.645-01)

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your physician or other service providers, we may, from time to time, offer to waive or reduce a member’s copayment, coinsurance, and/or a deductible otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.
Glossary

In this section, you will find definitions for the words and phrases that appear in **bold type** throughout the text of this Booklet-Certificate.

**A** *(GR-9N 34-010 01 ME) (GR-9N 34-005 02)*

**Accident**
This means a sudden; unexpected; and unforeseen; identifiable **occurrence** or event producing, at the time, objective symptoms of a bodily **injury**. The **accident** must occur while the person is covered under this Policy. The **occurrence** or event must be definite as to time and place. It must not be due to, or contributed by, an **illness** or disease of any kind.

**Aetna**
Aetna Life Insurance Company.

**C** *(GR-9N 34-015 02)*

**Coinsurance**
**Coinsurance** is both the percentage of **covered expenses** that the plan pays, and the percentage of **covered expenses** that you pay. The percentage that the plan pays is referred to as “plan **coinsurance**” or the “payment percentage”, and varies by the type of expense. Please refer to the **Schedule of Benefits** for specific information on **coinsurance** amounts.

**Copay or Copayment**
The specific dollar amount or percentage required to be paid by you or on your behalf. The plan includes various **copayments**, and these **copayment** amounts or percentages are specified in the **Schedule of Benefits**.

**Cosmetic**
Services or supplies that alter, improve or enhance appearance.

**Covered Expenses**
Medical, dental, vision or hearing services and supplies shown as covered under this Booklet.

**D** *(GR-9N 34-020 01) (GR-9N 34-095 01 ME)*

**Deductible**
The part of your **covered expenses** you pay before the plan starts to pay benefits. Additional information regarding **deductibles** and **deductible** amounts can be found in the **Schedule of Benefits**.

**Deductible Carryover**
This allows you to apply any **covered expense** incurred during the last 3 months of a calendar year that is applied toward this year's **deductible** to also apply toward the following year's **deductible**.
Dental Provider
This is:

- Any dentist;
- Group;
- Organization;
- Dental facility; or
- Other institution or person.

legally qualified to furnish dental services or supplies.

Dental Emergency
Any dental condition that:

- Occurs unexpectedly;
- Requires immediate diagnosis and treatment in order to stabilize the condition; and
- Is characterized by symptoms such as severe pain and bleeding.

Dentist
A legally qualified dentist, or a physician licensed to do the dental work he or she performs.

Directory
A listing of all network providers serving the class of employees to which you belong. The policyholder will give you a copy of this directory. Network provider information is available through Aetna's online provider directory, DocFind®. You can also call the Member Services phone number listed on your ID card to request a copy of this directory.

E (GR-9N 34-025 02)

Experimental or Investigational
A drug, a device, a procedure, or treatment will be determined to be experimental or investigational if:

- There are insufficient outcomes data available from controlled clinical trials published in the peer-reviewed literature to substantiate its safety and effectiveness for the illness or injury involved; or
- Approval required by the FDA has not been granted for marketing; or
- A recognized national medical or dental society or regulatory agency has determined, in writing, that it is experimental or investigational, or for research purposes; or
- It is a type of drug, device or treatment that is the subject of a Phase I or Phase II clinical trial or the experimental or research arm of a Phase III clinical trial, using the definition of “phases” indicated in regulations and other official actions and publications of the FDA and Department of Health and Human Services; or
- The written protocol or protocols used by the treating facility, or the protocol or protocols of any other facility studying substantially the same drug, device, procedure, or treatment, or the written informed consent used by the treating facility or by another facility studying the same drug, device, procedure, or treatment states that it is experimental or investigational, or for research purposes.

H (GR-9N 34-040 02)
Hospital
An institution that:

- Is primarily engaged in providing, on its premises, inpatient medical, surgical and diagnostic services;
- Is supervised by a staff of physicians;
- Provides twenty-four (24) hour-a-day R.N. service,
- Charges patients for its services;
- Is operating in accordance with the laws of the jurisdiction in which it is located; and
- Does not meet all of the requirements above, but does meet the requirements of the jurisdiction in which it operates for licensing as a hospital and is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations.

*In no event does hospital include a convalescent nursing home or any institution or part of one which is used principally as a convalescent facility, rest facility, nursing facility, facility for the aged, extended care facility, intermediate care facility, skilled nursing facility, hospice, rehabilitative hospital or facility primarily for rehabilitative or custodial services.*

Illness
A pathological condition of the body that presents a group of clinical signs and symptoms and laboratory findings peculiar to it and that sets the condition apart as an abnormal entity differing from other normal or pathological body states.

Injury
An accidental bodily injury that is the sole and direct result of:

- An unexpected or reasonably unforeseen occurrence or event; or
- The reasonable unforeseeable consequences of a voluntary act by the person.
- An act or event must be definite as to time and place.

Jaw Joint Disorder
This is:

- A Temporomandibular Joint (TMJ) dysfunction or any similar disorder of the jaw joint; or
- A Myofacial Pain Dysfunction (MPD); or
- Any similar disorder in the relationship between the jaw joint and the related muscles and nerves.

Late Enrollee
This is an employee in an Eligible Class who requests enrollment under this Plan after the Initial Enrollment Period. In addition, this is an eligible dependent for whom the employee did not elect coverage within the Initial Enrollment Period, but for whom coverage is elected at a later time.

Lifetime Maximum
This is the most the plan will pay for covered expenses incurred by any one covered person during their lifetime.
Medically Necessary or Medical Necessity
Health care or dental services, and supplies or prescription drugs that a physician, other health care provider or dental provider, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that provision of the service, supply or prescription drug is:

a) In accordance with generally accepted standards of medical or dental practice;
b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and
c) Not primarily for the convenience of the patient, physician, other health care or dental provider; and
d) Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury, or disease.

For these purposes “generally accepted standards of medical or dental practice” means standards that are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community, or otherwise consistent with physician or dental specialty society recommendations and the views of physicians or dentists practicing in relevant clinical areas and any other relevant factors.

Negotiated Charge
The maximum charge a network provider has agreed to make as to any service or supply for the purpose of the benefits under this plan.

Non-Occupational Illness
A non-occupational illness is an illness that does not:

- Arise out of (or in the course of) any work for pay or profit; or
- Result in any way from an illness that does.

An illness will be deemed to be non-occupational regardless of cause if proof is furnished that the person:

- Is covered under any type of workers' compensation law; and
- Is not covered for that illness under such law.

Non-Occupational Injury
A non-occupational injury is an accidental bodily injury that does not:

- Arise out of (or in the course of) any work for pay or profit; or
- Result in any way from an injury which does.
Occupational Injury or Occupational Illness

An injury or illness that:

- Arises out of (or in the course of) any activity in connection with employment or self-employment whether or not on a full time basis; or
- Results in any way from an injury or illness that does.

Occurrence

This means a period of disease or injury. An occurrence ends when 60 consecutive days have passed during which the covered person:

- Receives no medical treatment; services; or supplies; for a disease or injury; and
- Neither takes any medication, nor has any medication prescribed, for a disease or injury.

Orthodontic Treatment

This is any:

- Medical service or supply; or
- Dental service or supply;

furnished to prevent or to diagnose or to correct a misalignment:

- Of the teeth; or
- Of the bite; or
- Of the jaws or jaw joint relationship;

whether or not for the purpose of relieving pain.

Physician

A duly licensed member of a medical profession who:

- Has an M.D. or D.O. degree;
- Is properly licensed or certified to provide medical care under the laws of the jurisdiction where the individual practices; and
- Provides medical services which are within the scope of his or her license or certificate.

This also includes a health professional who:

- Is properly licensed or certified to provide medical care under the laws of the jurisdiction where he or she practices;
- Provides medical services which are within the scope of his or her license or certificate;
- Under applicable insurance law is considered a "physician" for purposes of this coverage;
- Has the medical training and clinical expertise suitable to treat your condition;
- Specializes in psychiatry, if your illness or injury is caused, to any extent, by alcohol abuse, substance abuse, a mental disorder or a biologically-based mental conditions; and
- A physician is not you or related to you.
Also, to the extent required by law, a practitioner who performs a service for which coverage is provided when it is performed by a physician. These include, but may not be limited to the following:

- Acupuncturist;
- Chiropractor;
- Optometrist;
- Certified Registered Nurse Anesthetists;
- Certified Nurse Midwives;
- Certified Nurse practitioner;
- Registered Nurse First Assistant.

**Precertification or Precertify**
A process where Aetna is contacted before certain services are provided, such as hospitalization or outpatient surgery, or prescription drugs are prescribed to determine whether the services being recommended or the drugs prescribed are considered covered expenses under the plan. It is not a guarantee that benefits will be payable.

**Prescriber**
Any physician or dentist, acting within the scope of his or her license, who has the legal authority to write an order for a prescription drug.

**Prescription**
An order for the dispensing of a prescription drug by a prescriber. If it is an oral order, it must be promptly put in writing by the pharmacy.

**Prescription Drug**
A drug, biological, or compounded prescription which, by State and Federal Law, may be dispensed only by prescription and which is required to be labeled "Caution: Federal Law prohibits dispensing without prescription."
This includes:

- An injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include injectable insulin.

**Recognized Charge**
Only that part of a charge which is less than or equal to the recognized charge is a covered benefit. The recognized charge for a service or supply is the lowest of:

- The provider's usual charge for furnishing it;
- The charge Aetna determines to be appropriate, based on factors such as the cost of providing the same or a similar service or supply and the manner in which charges for the service or supply are made, billed or coded; or the provider charge data from the Ingenix Incorporated Prevailing HealthCare Charges System (PHCS) at the 80th percentile of PHCS data. This PHCS data is generally updated at least every six months.
- The charge Aetna determines to be the usual charge level made for it in the geographic area where it is furnished.
In determining the **recognized charge** for a service or supply that is:

- Unusual; or
- Not often provided in the geographic area; or
- Provided by only a small number of **providers** in the geographic area;

**Aetna** may take into account factors, such as:

- The complexity;
- The degree of skill needed;
- The type of specialty of the **provider**;
- The range of services or supplies provided by a facility; and
- The **recognized charge** in other geographic areas.

In some circumstances, **Aetna** may have an agreement with a provider (either directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply. In these instances, in spite of the methodology described above, the **recognized charge** is the rate established in such agreement.

As used above, the term “geographic area” means a Prevailing HealthCare Charges System (PHCS) expense area grouping. Expense areas are defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, PHCS never crosses state lines. This data is produced semi-annually. Current procedure codes that have been developed by the American Medical Association, the American Dental Association, and the Centers for Medicare and Medicaid Services are utilized.

**R.N.**
A registered nurse.

**S** *(GR-9N 34-095 02) (GR-9N 34-090 02-ME)*

**Skilled Nursing Facility**
An institution, as defined in Title XVIII of the Social Security Act, and that meets all of the following requirements:

- It is licensed to provide, and does provide, the following on an inpatient basis for persons convalescing from illness or injury:
  - Professional nursing care by an **R.N.**, or by a L.P.N. directed by a full-time **R.N.**; and
  - Physical restoration services to help patients to meet a goal of self-care in daily living activities.
- Provides 24 hour a day nursing care by licensed nurses directed by a full-time **R.N.**
- Is supervised full-time by a **physician** or an **R.N.**
- Keeps a complete medical record on each patient.
- Has a utilization review plan.
- Is not mainly a place for rest, for the aged, for drug addicts, for alcoholics, for mental retardates, for custodial or educational care, or for care of **mental disorders** or **biologically-based mental illnesses**.
- Charges patients for its services.
- An institution or a distinct part of an institution that meets all of the following requirements:
  - It is licensed or approved under state or local law.
  - Is primarily engaged in providing skilled nursing care and related services for residents who require medical or nursing care, or rehabilitation services for the rehabilitation of injured, disabled, or sick persons.
Qualifies as a skilled nursing facility under Medicare or as an institution accredited by:
- The Joint Commission on Accreditation of Health Care Organizations;
- The Bureau of Hospitals of the American Osteopathic Association; or
- The Commission on the Accreditation of Rehabilitative Facilities

Skilled nursing facilities also include rehabilitation hospitals (all levels of care, e.g. acute) and portions of a hospital designated for skilled or rehabilitation services.

Skilled nursing facility does not include:

- Institutions which provide only:
  - Minimal care;
  - Custodial care services;
  - Ambulatory; or
  - Part-time care services.
- Institutions which primarily provide for the care and treatment of alcoholism, substance abuse, mental disorders or biologically-based mental illnesses.

Specialist
A physician who practices in any generally accepted medical or surgical sub-specialty.

Specialist Dentist
Any dentist who, by virtue of advanced training is board eligible or certified by a Specialty Board as being qualified to practice in a special field of dentistry.

Specialty Care
Health care services or supplies that require the services of a specialist.
Confidentiality Notice

Aetna considers personal information to be confidential and has policies and procedures in place to protect it against unlawful use and disclosure. By "personal information," we mean information that relates to a member's physical or mental health or condition, the provision of health care to the member, or payment for the provision of health care or disability or life benefits to the member. Personal information does not include publicly available information or information that is available or reported in a summarized or aggregate fashion but does not identify the member.

When necessary or appropriate for your care or treatment, the operation of our health, disability or life insurance plans, or other related activities, we use personal information internally, share it with our affiliates, and disclose it to health care providers (doctors, dentists, pharmacists, hospitals and other caregivers), payors (health care provider organizations, employers who sponsor self-funded health plans or who share responsibility for the payment of benefits, and others who may be financially responsible for payment for the services or benefits you receive under your plan), other insurers, third party administrators, vendors, consultants, government authorities, and their respective agents. These parties are required to keep personal information confidential as provided by applicable law. In our health plans, participating network providers are also required to give you access to your medical records within a reasonable amount of time after you make a request.

Some of the ways in which personal information is used include claim payment; utilization review and management; medical necessity reviews; coordination of care and benefits; preventive health, early detection, vocational rehabilitation and disease and case management; quality assessment and improvement activities; auditing and anti-fraud activities; performance measurement and outcomes assessment; health, disability and life claims analysis and reporting; health services, disability and life research; data and information systems management; compliance with legal and regulatory requirements; formulary management; litigation proceedings; transfer of policies or contracts to and from other insurers, HMOs and third party administrators; underwriting activities; and due diligence activities in connection with the purchase or sale of some or all of our business. We consider these activities key for the operation of our health, disability and life plans. To the extent permitted by law, we use and disclose personal information as provided above without member consent. However, we recognize that many members do not want to receive unsolicited marketing materials unrelated to their health, disability and life benefits. We do not disclose personal information for these marketing purposes unless the member consents. We also have policies addressing circumstances in which members are unable to give consent.

To obtain a copy of our Notice of Privacy Practices, which describes in greater detail our practices concerning use and disclosure of personal information, please call the toll-free Member Services number on your ID card or visit our Internet site at www.aetna.com.
Additional Information Provided by

President and Trustees of Bates College

The following information is provided to you in accordance with the Employee Retirement Income Security Act of 1974 (ERISA). It is not a part of your booklet-certificate. Your Plan Administrator has determined that this information together with the information contained in your booklet-certificate is the Summary Plan Description required by ERISA.

In furnishing this information, Aetna is acting on behalf of your Plan Administrator who remains responsible for complying with the ERISA reporting rules and regulations on a timely and accurate basis.

**Employer Identification Number:**
01-0211781

**Plan Number:**
526 M/527 D

**Type of Plan:**
Health

**Type of Administration:**
Group Insurance Policy with:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

**Plan Administrator:**
President and Trustees of Bates College
215 College Street
Lewiston, ME 04240

**Agent For Service of Legal Process:**
President and Trustees of Bates College
215 College Street
Lewiston, ME 04240

**End of Plan Year:**
December 31

**Source of Contributions:**
Employer and Employee

**Procedure for Amending the Plan:**
The Employer may amend the Plan from time to time by a written instrument signed by The Vice President of Human Resource.

**ERISA Rights**
As a participant in the group insurance plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:
Receive Information about Your Plan and Benefits

Examine, without charge, at the Plan Administrator’s office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan’s annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the Plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to preexisting condition exclusion for 12 months after your enrollment date in your coverage under this Plan. Contact your Plan Administrator for assistance in obtaining a certificate of creditable coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan’s decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan’s money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have
sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

**Assistance with Your Questions**
If you have any questions about your Plan, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
