System Overview

The Appointment System enables the User to perform the following functions:

- New Patient Registration
- Retrieve User Name
- Retrieve Password
- Schedule Appointment
- Manage Appointment
- Cancel Appointment
- Profile Update
- Feedback

Menu Options

- Schedule Appointment
- Manage Appointment
- Profile Update
- Feedback

Application Access

1. Open the browser and enter the URL:

   **URL to Application**

2. Press *Enter* or click *Go*

3. The login page of the application appears as in Figure 1.1 Login Screen
4. Login
   - Click on **I am a Returning User** Radio button
   - Enter the User Name in the **User Name** textbox
   - Enter the Password in the **Password** textbox
   - Click **SIGN IN**

5. Logout
   - Click the **Sign Out** link on the top right hand corner of the browser (when logged in)

6. Forgot Password
   - Click on the **Forgot Password** link
   - Screen as in Figure 1.2 *Forgot Password* appears
   - Click on **YES** button if the user is registered with an **Email ID**
   - Click on **NO** or **Don't Know** button if the user is not registered with an Email ID. Figure 1.4
   - When the user hit on **YES** button, this will ask the user to enter the **User Name** and **Email ID**.
   - Screen as in Figure 1.3 *Send Password* appears.
   - Click **Send Password**.
   - A message *Your Password has been sent to your Email ID.* is displayed to confirm that the password has been emailed to the user’s email id
   - Click on **Cancel** to go back to login page and login with user name and password

![Figure 1.2 Forgot Password](image-url)

![Figure 1.3 Send Password when user hit YES button on Figure 1.2](image-url)
When the user selects the No or Don’t Know option in the Forgot Password screen, they will get the option to enter the First Name, Last Name, User Name, Security Question and Answer.

- Click on Create Password button. This will create a password and a mail will be sent to the user.
- Click on Back button to go back to the login page.

7. Forgot User Name

- Click on Forgot Username link
- Screen as in Figure 1.5 Forgot UserName appears

- Fill in the details like First Name, Last Name, Middle Initial, Email ID, Security Question and Answer. Fill in all the mandatory fields marked with asterisk(*)
- Click on Send User Name button. This will mail the User Name to the user in their mail ID.
1. Click *I am a new User* radio button on the login screen.

2. This will open the *Patient Registration - Contact Information* as shown in **Figure 2.1**

![Figure 2.1 Patient Registration](image)

3. Fill in the details in the fields marked with asterisk.

4. For the Email Address and Confirm Email Address, patient can’t copy and paste the content either way.

5. If the user wishes to register for spouse, then he needs to click on *Do you want to register your spouse* check box as shown in **Figure 2.2**. Feature to get the option for registering for spouse is set in PM level.

![Figure 2.2 Spouse Registration](image)
6. Click on **Register** button to get registered. This will take the user to **Manage Credential Screen** where the user will give the Security Question and Answer as seen in **Figure 2.3**

![Figure 2.3 Manage Credentials](image)

7. Select the Security Question and answer and click on Update Security Question Information. This will take the user to Schedule Appointment Page.

### Schedule Appointment

1. After successful login the user will get the Schedule Appointment page as shown in **Figure 3.1**

![Figure 3.1 Schedule Appointment](image)
2. The values for Client Name and Program will be grey out and fixed.

3. Select the value for State from **State** dropdown menu.

4. The corresponding value for City and Site will be populated. Select the value of City from **City** dropdown and for Site from **Site** dropdown menu as shown in Figure 3.2.

5. Here **Click to Manage Appointment** button will be disabled as there is no appointment in the name of this user to manage or reschedule.

10. After selecting the **Site** the values for the **Clinics** available will be populated.

---

**Figure 3.2 Lists of Clinics**

8. The list of **Clinic** associated with that particular Site will be populated with the radio button as shown in Figure 3.2. This shows the list of clinics which are going to take place in the future. This does not show the expired clinics.

9. Select the value of Clinic by click on the radio button against the clinic.
