Internships

The National Association of Colleges and Employers (NACE) reports that 67% of internships lead to job offers!

Employers consistently rate internship programs as one of their most effective methods for attracting, training and hiring recent college graduates...

How will an internship help me in the career development process?

- Explore and determine your interest in potential career paths
- Learn more about your own skill sets, values and interests
- Gain tangible and hands-on professional experience
- Contribute in a way that brings substance and value to an employer
- Develop skills essential to specific industries
- Expand your connections within professional and personal networks
- Identify mentors in industries of interest
- Position yourself strategically for your job search and life after Bates
How do I begin the internship search process?

- Meet with a BCDC counselor to develop an internship search strategy
- Log onto eRecruiting at batescollege.experience.com to access internship postings and subscription-only websites
- Peruse the weekly BCDC Bulletin for new postings
- Explore Internships.com/welcome/BatesCollege
- Apply for internships offered exclusively for Bates students
  - Career Discovery Internship Program (CDIP)
  - Ladd Internships for the summer
- Discover thousands of internship postings:
  - CareerRookie.com
  - InternJobs.com
  - InternshipPrograms.com
  - CollegeRecruiter.com
- Expand personal and professional networks (including Bates alumni listed in the Bates Online Community at http://community.bates.edu) to tap into unadvertised opportunities
