Concierge (Switchboard and Campus Information)  207-786-6255
Membership in the Bates community requires that individuals hold themselves and others responsible for honorable conduct at all times. Together we create the educational and social setting that makes Bates College unique, with an atmosphere characterized by trust and mutual concern. Our actions must support our ability to work, study, live and learn together productively and safely. We are dedicated as a community to intellectual honesty and to the protection of academic freedom. These values are fundamental to scholarship, teaching and learning. We expect each other to maintain the highest integrity in all of our academic and social undertakings.
Greetings from the President and the Dean of Students

Dear Bates Parents and Families,

Welcome to Bates.

We are proud and privileged to be part of four critical years in the lives of your remarkable sons and daughters. Through participation in this community of eager learners and dedicated teachers, they will discover their passions and develop their fullest potential. They will make lifelong friends and build habits of meaningful association and respectful collaboration. They will be prepared to do good work — work that is excellent in its own right, and work that makes a difference in the world.

Our highest priority is ensuring that the longstanding value of a Bates education continues to flourish and evolve. All Bates faculty and staff are our partners in this enterprise, and we all know that the involvement of parents and families has been, and always will be, vital to our success. As we look forward to the challenges and achievements of the coming year, we thank you for your trust and support, and we encourage you to participate in the life of the College, both in person and through our Web site, www.bates.edu.

Please direct any questions or suggestions about the material in this Handbook to the Office of the Parents & Family Association or to the Office of the Dean of Students. Of course, your inquiries are welcomed by any office, and for easy reference a directory of offices appears on the following pages.

Our best wishes for the coming year. We look forward to seeing you on campus.

Yours truly,

Elaine Tuttle Hansen
President

Tedd R. Goundie
Dean of Students
Greetings from the Parents & Family Association

On behalf of the Bates Parents & Family Association (BPFA), welcome to the 2008–09 academic year at Bates! Each year of your son’s or daughter’s life at Bates, whether it’s the first or fourth (or your first or fourth Bates student) brings new excitement and enthusiasm, as well as new questions and needs for you as parents. We hope that you find this year’s Handbook helpful in answering your questions about academic, residential and extracurricular life at Bates.

Bates Parents & Family Association volunteers serve as liaisons between all parents and the College through the BPFA office, which seeks to provide parents with the optimum level of communication and opportunity for involvement. There are many volunteer opportunities within the BPFA, also described in the following pages, and you are encouraged to consider this as a meaningful way to be involved and have a positive impact on your Bates student’s life — while giving him or her the space a college student might desire.

For more information about these programs or to get involved, please contact me at any time during the coming year:

Alli Lambert, Director of Parent Programs
207-786-8370 or parents@bates.edu

THE BATES PARENTS & FAMILY ASSOCIATION

You have always been involved in the daily life of your son or daughter. Do you wish to remain involved even while they are on campus, perhaps hundreds of miles away? You know Bates is doing extraordinary things for your son or daughter — but did you know Bates needs you in order to sustain this? Did you know there are volunteer opportunities for you that will help the College, help the Bates community, of which you are a part, and help your child?

All parents and guardians of current Bates students are members of the Bates College Parents & Family Association (BPFA) and are invited to volunteer to take part in its activities. The association includes volunteer programs in the offices of Advancement, Admissions and Career Services. It facilitates greater and more open communication between families and the College. For more information about any of the programs described below, please call the Parents & Family Association Office at 207-786-8370 or e-mail parents@bates.edu.

Communications Committee
The Communications Committee helps the BPFA Office enhance publications and materials from the College for parents. Committee members review publications such as the Parents & Family Handbook and For Parents, the gateway on the Bates Web site (www.bates.edu/for-parents.xml). Their feedback has also been solicited for pieces in Bates Magazine and for letters and other mailings to Bates parents. Much of this committee’s collaborative work is done via conference call and e-mail.

Bates Parents Fund Committee
The Bates Parents Fund is a fundraising campaign conducted by the College from July 1 to June 30 each year. It is a critical component of the overall Bates Fund, which raises annual unrestricted dollars from alumni, parents, friends, corporations
Parents and Families at Bates

and foundations in support of Bates’ educational programs. Contributions to the Parents Fund help to meet current expenses for the essentials that make a Bates education one of the best in the nation.

Parents Fund Committee members work to increase the funds raised each year by providing philanthropic leadership and fostering supportive relationships between the College and parents. Volunteers personally contact current and past parents as well as grandparents throughout the fiscal year to help the College gain their vital support. The BPFA Office provides all the necessary materials and assistance to reach out to fellow parents. Volunteers for the 2007–2008 Bates Parents Fund helped raise $1,007,237 (with 1,335 donors).

Welcome Committee
Welcome Committee volunteers make phone calls to families of incoming first-year students to welcome them to the Bates community. These committee members answer questions and provide helpful tips. The BPFA Office provides briefing materials and matches volunteers to new families in their geographic area whenever possible. In addition, many committee members host regional receptions for new and current families during the summer months and other events throughout the year.

Welcome Committee work also includes parent involvement in special events such as Orientation, Parents & Family Weekend and incoming-student receptions. Parent volunteers and their students may enjoy staffing a welcome table to answer questions, educating or recruiting new parent volunteers, or hosting or attending a reception in their hometown.

Additional Programs
Many Bates parents and alumni participate in volunteer programs through the offices of Admissions and Career Services. Volunteers from across the country work with Admissions by representing Bates at local college fairs and by hosting regional receptions for prospective students. They are also valued members of the Career Advisory Network, forwarding employment and entry-level job information to the College, sponsoring interns in their places of employment or sharing career insights with students and young alumni. Participation in career discussion panels is also welcomed. If you’re interested in volunteering for any of these programs, please contact the office of Admissions (207-786-6000) and Career Services (207-786-6232 or www.bates.edu/career) or call the BPFA Office.

Insider Tip

A Parent’s To Do List:

✓ Make reservations early for campus visits and big campus weekends!
✓ Subscribe to The Bates Student newspaper or create an account online at www.batesstudent.com.
✓ Attend Orientation for students and parents — August 30, 2008.
✓ Attend a regional Bates event and meet other parents and alumni.
  See http://community.bates.edu/events.
✓ Send a birthday cake or “care package” to Bates (see Bakeries, p. 24).
SPECIAL EVENTS

Bates looks forward to seeing you on campus throughout the year and welcomes your visit any time. For the following special events, please keep in mind that hotel rooms in Lewiston-Auburn need to be reserved early. Please refer to the list on pages 12–16 and on the Bates Web site.

New Student Orientation
August 30, 2008
The schedule includes events, seminars and activities to welcome you and your student to campus and to make the process of moving your student to Bates as easy and informative as possible. Students also have an opportunity to set up bank accounts, register to vote and apply for on-campus jobs at this time. Parent volunteers will be available to welcome newcomers and answer questions.

Parents & Family Weekend
October 3–5, 2008
October 2–4, 2009
This weekend brings parents and families to campus at one of the loveliest times of the year. The College plans a broad array of activities and events: parents can sit in on classes, attend sporting events and concerts, theater and dance performances, and enjoy family time amid the glowing autumn colors. Invitations are mailed in late summer, and a schedule of events will be posted on the Bates Web site at www.bates.edu/for-parents.

Commencement
This is a very important time in the lives of graduating students and their families. The College is bustling with activities, including the student-designed Baccalaureate service, receptions and honor ceremonies, the senior formal and the Commencement exercises, all of which capture the historical, ceremonial and traditional elements of this memorable weekend.

Parents receive invitations to Commencement in April. Students may pick up additional invitations on campus before Short Term begins. No tickets are required for any part of the weekend, and families and guests are most welcome. An updated schedule of weekend events is posted on the College Web site each spring.

Commencement dates are:
- Class of 2010: Sunday, May 30, 2010
- Class of 2011: Sunday, May 29, 2011
- Class of 2012: Sunday, May 27, 2012

Insider Tips

- Arrive the Thursday before Parents & Family Weekend to attend Friday classes (with or without your son or daughter).
- Get the most out of Parents Weekend: Go to a class. Talk to other parents. Talk to your child about an organized dinner with other families. Plan to attend the BPFA meeting on Sunday.
TIPS FOR VISITING

Here are some tips to help you be as prepared and comfortable as possible when you come to visit campus and/or tour Maine:

Reservations

Make reservations for dining and overnight accommodations as early as you can. Local lodgings and restaurants fill up quickly, particularly during Parents & Family and Commencement weekends.

Weather

Keep in mind something that longtime Mainers say: “If you don’t like the weather, wait five minutes.” Link to today’s local weather and a week’s forecast for the region by visiting www.bates.edu/maine-links.xml so that you’ll be prepared.

The days around Orientation and Commencement can be warm and muggy, but the evenings are usually cool. Pack lighter-weight clothing for daytime and something more substantial for evening. The weather during Parents & Family Weekend in early fall can be brisk. Be sure to bring a sweater, light coat and long pants.

Travel Information

Winter travel to campus is most easy and comfortable via the Maine Turnpike, I-95. Travelers can follow this well-maintained stretch of highway from Maine’s southern border right to Lewiston. As with travel anywhere in inclement weather, take the appropriate precautions to make sure that you reach your destination safely.

For Maine Turnpike travel conditions, call ahead to 1-800-675-7453. From the road, tune your radio to AM-1610 for regular travel updates along the way. For Massachusetts Pike information, call 1-800-828-9104.

Directions to Campus

Motorists should leave the Turnpike at Exit 80. Northbound travelers turn left onto Alfred A. Plourde Parkway at the end of the off-ramp, while southbound travelers bear right onto Plourde. Continue on Plourde straight to stop-light at intersection of Plourde and Pleasant; continue on Plourde six-tenths of a mile to stop-light at Webster Street. Turn left onto Webster and travel one mile to stoplight at Farwell Street. Turn right onto Farwell and follow six-tenths of a mile to stoplight. Continue straight across intersection onto Russell Street. Russell Street forms the northeast border of campus. The College will be on your left.

Transportation to and from the local airports:

Mermaid Transportation
1-800-696-2463 • www.gomermaid.com
(Ask about the College Express and special Bates fares and Bates-date schedules)

Concord Trailways
1-800-639-3317 • www.concordtrailways.com/maine_bus_schedule.htm
(Service between Portland and Boston’s Logan Airport)

Greyhound Bus Lines (Vermont Transit)
207-782-0311 • www.greyhound.com/home.asp
(Service between Boston, Portland and Lewiston, among other locations)

Excalibur Limousine
207-878-0900

Insider Tip

✔ If you haven’t been to Maine for a few years, be aware that Maine Turnpike exit numbers have changed and now reflect each exit’s distance in miles from York. In addition, the former Interstate 495 that previously connected Scarborough through Lewiston to Gardiner now retains the I-95 designation. In short: Travelers to Bates from the south should remain on I-95 straight to Exit 80, Lewiston.
ACCOMMODATIONS

Below is a partial list of lodgings in Lewiston-Auburn and surrounding areas. Lodgings do fill up on busy College weekends, so book ahead. See a more comprehensive list at www.bates.edu/area-accommodations.xml.

DINING AND SHOPPING

In addition to restaurants and shops in the Lewiston-Auburn area, there are many more in downtown Portland, about an hour from campus. Portland’s Old Port district is a vibrant center where visitors enjoy diverse dining, eclectic shops and a working waterfront.

Freeport, home of legendary retailer L.L. Bean, is just 25 minutes from campus and offers a variety of dining and shopping possibilities.

Eateries frequented by Bates students, faculty and staff are listed below, and a more comprehensive list appears on the Bates Web site at www.bates.edu/for-parents.xml.

Automobile Repair

Bates faculty and staff recommend the following garages near campus for minor repairs. In addition, dealerships in Auburn can handle larger or specialized problems. Most of the dealerships are located on Center Street (Route 4) in Auburn (take a right onto Center Street after crossing the Androscoggin River via the Memorial Bridge).

Berube’s Car Wash & Exxon Service Station  
147 East Avenue, Lewiston

CAMPUS EVENTS

For dates, times and locations of Bates events, please visit our Web site at www.bates.edu/calendars. Here you will find complete listings of musical, dance and theatrical performances, art exhibitions, lectures and athletic competitions, the academic calendar and off-campus events for parents and alumni.

THE GREAT OUTDOORS

Maine is famous for its natural beauty and great opportunities for outdoor exploration and recreation. The region around the College offers much to do and see. Some local favorites include the Bradbury Mountain, Popham Beach, Reid and Range (pronounced “rang”) Pond state parks, as well as Lost Valley Ski Area and the Thorncrag Bird Sanctuary. Visit www.visitmaine.com to find detailed information about activities and places to visit along the coast, in the mountains and around the lakes.

RELIGIOUS WORSHIP

The Bates community and the Lewiston-Auburn area offer many opportunities for worship, prayer and reflection. Local places of worship represent a large number of faith traditions:

- Advent Christian
- Assemblies of God
- Baha’i
- Baptist
- Church of the Brethren
- Church of Christ
- Church of God
- Christian Science
- Congregational/United Church of Christ
- Episcopal
- Greek Orthodox
- Independent Fundamentalist
- Jehovah’s Witness
- Jewish
- Lutheran
- Methodist
- Muslim
- Nazarene
- Nondenominational
- Pentecostal
- Presbyterian
- Quaker
- Roman Catholic
- Seventh-Day Adventist
- Unitarian-Universalist.

On campus, in addition to the College Chapel, there are three dedicated spaces for worship within the Multicultural Center, 63 Campus Avenue. The Muslim prayer room is on the first floor, and the Hindu and Buddhist shrines on the second. Students from these faith traditions decide on the arrangement of the rooms and plan any religious observances. Please contact the director of Multicultural Affairs at 207-786-8215 for more information.

For specific information about locations, addresses and times of services, or if your faith tradition is not represented, please contact the Bates Office of the Multifaith Chaplain at 207-786-8272 or visit the Bates Web site at www.bates.edu/chaplaincy.
REACHING YOUR STUDENT

Telephone
The College concierge can be reached at 207-786-6255 from 7:30 a.m. to 10 p.m. Monday through Friday and noon to 4 p.m. weekends while the College is in session. The phone number of the Office of Security and Campus Safety is 207-786-6254, or in an emergency, 207-786-6111. The phone number of the Office of the Dean of Students is 207-786-6222.

Bates provides a telephone with voicemail in each dorm room. This phone allows on-campus and local calling at no charge. Outgoing long-distance calls may be placed using a prepaid calling card.

To reach your student, simply dial 1+207 (Maine’s area code, if calling from out of state or out of the local calling area), then his or her assigned seven-digit phone number. Calls made on campus, from one office or dorm room to another, require only the last four digits.

International callers, please dial your local international access code number, then 1+207, then your student’s assigned seven-digit phone number or the number for the department that you wish to reach.

Postal Mail
Every student, whether living on or off campus, is assigned a mailbox number at the College. The Campus Post Office is open from 10:30 a.m. to 3:30 p.m. Monday through Friday and 10 a.m. to noon Saturdays. All mail or packages delivered by the U.S. Postal Service or package-delivery services such as UPS or Federal Express should be addressed as follows:

[Student’s name]
[Student’s box number] Bates College
Lewiston, ME 04240-6094

There’s no need to use the word “box” with the box number. For example:

Karl Rossmann
544 Bates College
Lewiston, ME 04240-6094

Packages sent before the beginning of fall semester or packages larger than one cubic foot should be sent to the Physical Plant Office. They should be addressed as follows:

[Student’s Name and Box Number]
c/o Bates College Physical Plant
147 Russell Street
Lewiston, ME 04240-6050

Again, please don’t use the word “box.” For example:

Rose Rugosa, 544
c/o Bates College Physical Plant
147 Russell Street
Lewiston, ME 04240-6050

Overnight mail to students is delivered to the Campus Post Office during the week and to the Security Office on Saturdays.

KEEPING CURRENT

Bates Magazine
Our College magazine includes interesting and informative profiles, stories and columns about Bates and Bates people. All Bates parents receive Bates Magazine and other signature publications.

www.bates.edu
Our Web site is your ready source for current information on campus events, sports, admissions, advancement, academic news, the library and much more. The College sends parents a monthly e-newsletter, “Bates News,” with links to the Web stories.

The Bates Student
Founded in 1873, the campus newspaper is written, edited, photographed and designed by students. For subscription information please call 207-795-7494. The Student is also published on-line at www.batesstudent.com.
Local Bates Clubs
Bates Clubs sponsor regional events for Bates parents and alumni and are a great way to stay in touch with Bates. Throughout the year, events include receptions with members of the Bates faculty, President Elaine Tuttle Hansen or other members of the administration; gatherings with athletics department staff, parents, alumni and athletes at sporting events; local service projects; and welcoming receptions for incoming students and their parents. For information on Bates Club events near you, please contact the Parents & Family Association Office at 207-786-8370 or parents@bates.edu.

ACADEMIC LIFE AT BATES

“The highest purpose of Bates College is to provide a community with sufficient challenge and sufficient support so that the undergraduate may mature in scholarship and in capacity for critical thinking and civilized expression. The graduate is more knowledgeable, to be sure, but above all he or she is capable of a reflective understanding of the self and its relationship to prior traditions and present environments.”
— Committee on Educational Policy

General Education Requirements

Bates’ General Education Requirements help students gain a broad understanding of the liberal arts by taking courses in many disciplines. The requirements are described in detail in the “Academic Program” section of the Bates College Catalog (available online at abacus.bates.edu/catalog/).

Please note that the General Education requirements were recently revised: New requirements are in place for students in the Class of 2011 as well as those entering the College in September 2008 as members of the Class of 2012.

Requirements for the Classes of 2009 and 2010

The requirements for these students are organized around academic disciplines. Students must take a certain number of courses in the humanities, the natural sciences and the social sciences, as well as at least one course that meets the quantitative requirement. Information on the courses offered by each department or program that fulfill General Education requirements appears in the introductory section of each department’s or program’s course listings in the College Catalog. Most courses offered in interdisciplinary programs do not fulfill these General Education requirements unless they are cross-listed with departments.

Requirements for the Class of 2011 and Beyond

The requirements for these students are organized around the development of skills and interdisciplinary inquiry. Students take courses focused on writing [W1, W2, W3], scientific reasoning [S], quantitative reasoning [Q] and gaining laboratory experience [L]. Bracketed tags indicating that a course meets one or more of these requirements appear in its course description in the Bates College Catalog.

In addition, students take two General Education concentrations, groups of four courses arranged around a unifying theme and drawn from course lists developed by the faculty. General Education concentrations are described briefly in the print catalog and in detail in the online catalog.

Advanced Placement and Other Non-Bates Credit

Advanced Placement (AP) credit may be awarded to Bates students based on the official score reported by the College Board (information about Bates’ AP policy appears at www.bates.edu/AP-Policy.xml). The International Baccalaureate and A-Level are among other examinations that may be eligible for non-Bates credit.

Graduation Requirements

The degree requirements may vary slightly for different classes, as well as for three-year students. Four-year degree candidates must meet the requirement of 32 courses, 64 quality points (described below in Grades) and two Short Term units. For no extra cost, students may attend a third Short Term unit. Three-year students must complete 30 courses, 60 quality points and three Short Term units.

We all seek to avoid last-minute surprises. You may wish to join us in reminding students that it is ultimately their responsibility to be sure that they meet all requirements for the baccalaureate degree at the appropriate time. They may do so by developing a strong and consistent relationship with their academic advisors. Students must complete all major, General Education and degree requirements (including physical education activity credits) to participate in the Commencement ceremony.

Thesis

One of the most important components of the Bates curriculum is the senior thesis, which is offered in all departments and programs and required by most. The faculty believes that a Bates senior is well-educated and well-prepared to undertake a significant research, service, perfor-
mance or studio project in the final year of study in the major. More than 85 percent of each graduating class completes a senior thesis. The traditional senior thesis involves one or two semesters of original research and writing, culminating in a substantial paper on a research topic of the student’s design. Such an effort requires that the student possess an excellent understanding of the subject area, its theoretical underpinnings and its research methodology. The student must also be able to think critically and comprehensively about the topic, and must be able to advance a well-formulated argument. Conducting a senior thesis draws on a student’s past academic experience and requires considerable independent thinking and creativity, self-discipline and effective time management.

Academic Honors
The College recognizes academic achievement though three kinds of honors: general honors, major-field honors and the Dean’s List.

General Honors: There are three levels of general honors, based upon accumulative grade-point average: *cum laude*, *magna cum laude* and *summa cum laude*. General honors levels correspond to the top 2 percent, 8 percent and 15 percent of the combined last three graduating classes. In 2008–2009, students with GPAs of 3.90 or higher earned the distinction of *summa cum laude*; GPAs of 3.77 to 3.89, *magna cum laude*; and GPAs of 3.67 to 3.76, *cum laude*.

Major Field Honors: We are proud of our Honors Program, which gives qualified students an opportunity to do extensive independent study and research in their major fields. Honors are awarded for special distinction in the major fields. Honors study is usually carried on throughout the senior year under the guidance of a faculty advisor. Students normally enter the program at the end of the junior year. Students who wish to be nominated to the Honors Program should apply to the chairs of their major departments or programs.

The Honors Program consists of the writing of a substantial thesis and an oral examination on the thesis and the major field. In an alternative offered by some departments, eligible students elect a program consisting of a performance or a project in the creative arts; a written statement on the project, if requested by the department; a written comprehensive examination, if requested by the department; and an oral examination on the project and on courses in the major. The oral examination committee includes the thesis advisor, members of the major department, at least one faculty member who is not a member of the major department and an examiner from another college or university who specializes in the field of study.

Dean’s List: Based on semester grade-point averages, at the conclusion of each semester approximately the top 25 percent of students are named to the Dean’s List. To be eligible, students must have completed all course work by the end of the semester and received letter grades in at least three Bates courses. At the start of each academic year, an appropriate GPA level is determined for the inclusion of students on the Dean’s List for the ensuing year. This GPA level is computed as the minimum of the top 25 percent of the semester GPAs of all full-time students during the preceding three years. In 2008–2009, for example, a student needs to earn a GPA of 3.67 or higher to be named to the Dean’s List.
GRADES

The faculty of the College assesses student academic performance by assigning the following grades: A, B, C, D, plus and minus for each, P and F. Quality-point equivalencies for these grades are described below. Grades are described in greater detail in the Bates College Catalog, which appears online at www.bates.edu/catalog and in print upon request from the BPFA Office.

The following values are used in the computation of quality points:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.0</td>
</tr>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>

<td>0.0</td>
</tr>
<tr>
<td>W</td>
<td>0.0</td>
</tr>
</tbody>
</table>

A student’s semester ratio is computed by dividing the total quality points for the semester by the number of courses for which a grade was given.

Students may elect to take courses on a pass/fail basis, with a maximum of one per semester. The following conditions apply:

1. Students may declare or change a pass/fail option up to the final day to add a course.

2. Students taking a course pass/fail are not identified on class rosters. Faculty members submit letter grades for all students to the Registrar. The Registrar will convert such grades to a pass or fail. A grade of D- or above is considered a passing grade. Unless a student wishes to inform the instructor, only the student, the Registrar and the student’s advisor know the grading mode for a course.

3. Departments and programs decide whether courses taken pass/fail can be used to satisfy major or secondary concentration requirements.

4. Courses taken pass/fail are not computed in the student’s grade point average and do not count towards General Education requirements.

Physical education activity courses are a requirement for graduation and are not graded.

Grades for Short Term units appear on the transcript but do not contribute to quality points and are not computed in the grade-point average. The instructor of each Short Term unit determines whether the grading mode for the units is letter grade, or S (satisfactory) and U (unsatisfactory).

Students may access their final grades online approximately 10 days after the end of final examinations. Grades are not mailed to parents and students. Students are encouraged to share their grades with parents online and may print a paper copy of the grades from the Garnet Gateway, Bates’ Web-based records service.

FERPA

Parents may request student academic information if their son or daughter has granted them permission to receive information from his or her educational record. This is a requirement of the Family Educational Rights and Privacy Act (FERPA), the federal student records law. Upon entering the college, all students receive a guarantor/FERPA release form that is kept on file, and if the parent is named as eligible to receive information from the student's educational record, the academic information may be released to the parent.

Passed in 1974, FERPA was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate and misleading data through informal and formal hearings. Students are notified of these rights in the Bates College Catalog.

ACADEMIC STANDING

Minimum semester and cumulative grade-point averages (GPA) established by the faculty determine the academic standing of students. All Bates course grades are included in a student’s GPA, except for courses taken pass/fail and Short Term units, and on the transcript. However, for the purpose of determining aca-
demic standing within the College (good standing, probation, dismissal), first-year grades may not be included in the computation if omitting them will be advantageous to the student.

Remember that first-year students must maintain a GPA of 1.5 or above and upper-class students a 2.0 in order to remain in good academic standing.

**Academic Standing Committee**

This committee has these broad responsibilities:

- To recommend policy to the faculty concerning academic standing, probation and dismissal, and related matters of the grading system;
- To hear on appeal individual cases of students placed on probation or dismissed due to failure to meet legislated criteria for good academic standing;
- To hear petitions for readmission from students once academically dismissed;
- To report statistical summaries concerning academic standing to the faculty after the close of the fall and winter semesters;
- In conjunction with the Educational Policy Committee, to recommend policy to the faculty concerning registrations and the assignment of credit;
- To hear on appeal individual petitions concerning irregular registrations and credits, including underloads, overloads, late registrations, late withdrawals, rescheduled final examinations, deferred course grades, changes in the course grades and transferred credits;
- To review the administrative exercise of duties as delegated by the committee to the dean of students and the associate deans of students according to faculty legislation. Students may submit petitions to the Academic Standing Committee through the Dean of Students Office.

**ACADEMIC ADVISING**

Each Bates student has one or more academic advisors during the college years who provide guidance in planning a curriculum to meet the student’s particular needs. New students are assigned academic advisors from the faculty. The advisor holds individual conferences with a student during his or her first week on campus and continues to counsel the student until he or she declares a major.

The major department or program assumes the advising responsibility upon the request of the student — no later than the end of the second year. The student and the advisor meet during registration periods and on an informal basis whenever the student needs advice about the curriculum, course selection, the major program, the thesis, progress toward the degree, graduate school or other academic concerns. While faculty members provide academic advice, final responsibility for course selection and the completion of degree requirements rests with the student.

The registrar provides the student and advisor with an evaluation of the student’s progress toward the degree at the end of the junior year. The deans of students can also provide advice on academic matters.

In addition to the academic advisor, faculty committees, the student’s major department and the Office of Career Services can provide guidance on graduate and professional schools. The Graduate Fellowships Committee provides general information and supervises the selection process for various graduate fellowships and grants. Students planning professional careers in health-related fields are aided by the Committee on Medical Studies. Students interested in gradu-
ate or professional schools are encouraged to contact these committees and the Office of Career Services’ counseling staff early in their Bates careers so that a curriculum and a series of related internships and work experiences can be planned to meet their professional goals.

REGISTRATION OVERVIEW

The course registration system at Bates is designed to be quick and easy, and to allow the greatest possible access to courses for all students while maintaining the quality of the classroom experience.

Incoming students register for courses by completing a course selection worksheet, and then entering their selections into the Garnet Gateway Web-based student records service during registration week. Materials for registration are sent to incoming students by the Dean of Students Office. Upperclass students must meet with their advisor to discuss course options during the registration process.

For courses with no enrollment limits, the only further action for students is to attend the first class to confirm enrollment. But other courses are limited in enrollment so that students may use special facilities or benefit from a small, interactive classroom environment. For these courses, the system is designed so students have several opportunities to gain entry. A detailed overview of registration procedures appears at www.bates.edu/Student-Registration-Overview.xml.

SHORT TERM

The five-week spring Short Term provides a distinctive opportunity for intensive educational programs, on and off campus, that cannot be offered during the regular semesters. These include math and history “boot camps” for majors; workshops focusing on art, music and theater; and units allowing extended work in the laboratory, in local classrooms and in social-service internships. Study abroad has recently included archaeology in the Shetland Islands, environmental studies in Russia and the politics of conservation in Chile. A complete list of courses, including Short Term units, can be found in the printed or online Bates College Catalog, at www.bates.edu/catalog.
OFF-CAMPUS STUDY

Students often supplement their Bates experience with additional course work abroad or elsewhere in the United States. In recent years, slightly more than 60 percent have some form of study-abroad experience, and 61 percent of the graduating Class of 2007 received credit for off-campus study. Stephen Sawyer, associate dean of students, directs off-campus study programs and works closely with students and the Off-Campus Study Committee.

Off-Campus Short Term Units

These units are led by Bates faculty and involve travel and/or alternative dates. Additional costs associated with these units are listed in the registration information and parents are encouraged to talk with their son or daughter before registration since an additional financial obligation, including a $500 nonrefundable deposit, is required. Bates financial aid is available.

Fall Semester Abroad Programs

Developed and led by Bates faculty, these programs focus on language training and also include courses taught by Bates faculty. The Bates comprehensive fee covers all program expenses, including international airfare.

Junior Semester and Junior Year Abroad

The JSA and JYA programs are the most prominent study-abroad opportunities. Whether study abroad is appropriate for an individual student depends on many factors.

From an academic standpoint, the greatest benefits are generally in language study, when advanced work in the major can be undertaken or when the study provides exposure to a distinctly different socioeconomic and cultural setting. During sophomore year, Dean Sawyer meets with each interested student to review the opportunities and application process.

For programs not run by Bates, students pay an administrative fee to Bates ($1,635 per semester in 2007–08) in addition to the sponsoring college’s program costs. Bates and federal financial aid are available for qualifying families. Key requirements include a 2.5 GPA at the time of application, previous language study when the
host country’s language is taught at Bates, Bates approval of the program for the student and participation in the Off-Campus Study Registration in February. Off-campus study enrollment levels are managed to balance on-campus enrollment levels between the fall and winter semesters; on occasion, students have to change their plans from one semester to another.

Transfer Credit
Degree candidates matriculating as first-year students, either in the fall or winter semester, must earn at least 24 Bates course credits or approved program credits. Transfer students must earn a minimum of 16 Bates credits. They may transfer a maximum of two non-Bates course credits earned after matriculating at Bates. For a full description of the Bates transfer credit policy, please see the Bates College Catalog.

LEAVES OF ABSENCE

Though we do not expect our students to leave Bates, a leave of absence suspends a student’s enrollment at Bates for a period of time. There are two types of leaves of absence: academic leave and personal leave. All leaves are initiated with the dean of students and require the completion of an academic or personal leave approval form provided by the dean and signed by staff in the Office of the Registrar and Academic Systems. Typically, leaves are for one or two semesters.

Academic Leave: Students apply for an academic leave when they plan to take courses at another college or university during the regular academic year. These students must participate in the Off-Campus Study Registration held in conjunction with the early February registration for fall courses, which applies for both semesters of the succeeding year.

Insider Tip
If your student begins to consider a leave of absence, urge her or him to immediately talk to her/his faculty advisor and a dean of students. Both the advisor and the deans will be happy to talk things through and help your student consider all of the options.

Personal Leaves: Personal leaves are taken because of medical or other personal circumstances. In addition, students occasionally take personal leaves to participate in an internship or to pursue other nonacademic opportunities. Students contemplating a leave are urged to discuss the idea with their families and their faculty advisor at Bates, as well as with one of the deans.
STUDENT SERVICES

STUDENT SERVICES AT BATES

The deans of students are primarily responsible for the welfare of the student body and for providing a wide range of student services. The Dean of Students Office administers the faculty advisory system, certain academic policies and procedures, health services, security, housing, residential and extracurricular matters, new-student and parent orientation and the Multicultural Center. The deans also serve on the following faculty committees: Academic Standing, Athletics, Legal Studies, Medical Studies, Off-Campus Study, Extracurricular Activities and Residential Life. The deans may be consulted on matters relating to:

- Academic policies, regulations and requirements, and petitions for exceptions to them;
- General counseling on academic and personal matters;
- Minority and international student advising;
- Changes in courses, majors, advisors or basic educational plans;
- Leaves of absence;
- Withdrawals and transfers;
- Transfer credits;
- Judicial/disciplinary matters;
- Off-campus study programs such as Junior Year Abroad, the maritime studies program at Mystic Seaport and the Washington Semester Program;
- Interdisciplinary majors;
- Residential life;
- Immigration and naturalization services and documents.

Dean of Students Office members include:

Dean of Students
Ted Goundie, 102 Lane Hall
Dean Goundie oversees all aspects of the Dean of Students Office and is the principal contact for support of learning-different students and those seeking assistance in meeting academic rules and regulations promulgated by the faculty.

Associate Dean of Students; Director, Off-Campus Study Programs
Stephen W. Sawyer, 110E Lane Hall
Dean Sawyer directs off-campus studies including college exchange, national off-campus study and international study programs. (See Off-Campus Study in the Academic Life section, above, for more information.)

Associate Dean of Students
James L. Reese, 101 Lane Hall
In addition to general advising and working with transfer students, Dean Reese takes primary responsibility for working with international students.
Associate Dean of Students
Holly L. Gurney, 104 Lane Hall
Dean Gurney takes primary responsibility for working with first-year students and the residential life staff and programs.

Assistant Dean of Students
Keith M. Tannenbaum, Student Activities Office, Chase Hall
Dean Tannenbaum is coordinator of student activities and advisor to the Student Government, the Ronj and the Village Club Series.

Assistant Dean of Students
Roland S. Davis, 103 Lane Hall
Dean Davis is the sophomore class dean and coordinates the judicial processes for the College.

Assistant Dean of Students, Director of Housing, and Alcohol, Tobacco, and Other Drug (ATOD) Educator
Erin Foster Zsiga, Housing Office, Chase Hall
Dean Foster Zsiga is responsible for all aspects of student housing and serves as the College’s ATOD educator.

Housing Coordinator and Residence Life Assistant
Andrew McGeehan, Housing Office, Chase Hall
Andrew oversees day-to-day housing operations and works with the residence coordinators and junior advisors.

Assistant Coordinator of Student Activities and Residence Life Assistant
Sara Noyes, Student Activities Office, Chase Hall
Sara works on matters related to student activities and organizations, and is also involved in residence life issues.

Accessibility Services
Construction of Bates College began in 1855, and there are a number of historic older buildings on campus. Not every room in every building is accessible to a person using a wheelchair, but all common and public spaces are. Whenever indicated, classes will be scheduled in accessible spaces, and the Dean of Students Office will, when physically feasible, make reasonable changes to residences to accommodate students’ housing desires. Continuous progress is being made in modifying all buildings to make them accessible, as well as convenient to use.

If your student requires personal attendants, the Student Employment Office offers assistance in identifying and employing suitable people from within or outside the College community.

Please have your student contact the Dean of Students Office if assistance is needed in constructing tools and/or adapting laboratory equipment, when appropriate, to improve access to the curriculum.

Major service to wheelchairs and orthotic/prosthetic devices is offered by several businesses in the area.

Office of Career Services
Hours: 8 a.m.–noon and 1–4:30 p.m. Monday–Friday
Career Services is located at 31 Frye Street • ocs@bates.edu • 207-786-6232

OCS offers many programs and resources to assist students during their time here at Bates. And OCS isn’t just for seniors! The people who use OCS most effectively are those who begin visiting the office and Web site during their first year at Bates — and continue to use it throughout their four years.

Insider Tips
- The sooner your student begins getting to know the deans and his or her advisors and professors, the better. Those people can be most helpful. Moreover, the better they know your student, the easier it will be for them to write complete, detailed and effective letters of recommendation, and to provide support in times of need.
- OCS isn’t just for seniors! The students who use OCS most effectively are those who begin visiting the office and the Web site during their first year at Bates — and continue to use it throughout their four years. Encourage your student to take advantage of the OCS.
Here are a few key OCS services:

- Individual career counseling appointments and weekly drop-in hours designed for quick cons-
sults with a counselor.
- Career testing and assessment with the Strong Interest Inventory and the Myers Briggs Type Indicator.
- Job-hunt preparation including workshops for resume-writing and interviewing, with video-
taped mock interviews.
- Internship programs including access to eRe-
cruiting, an extensive database offering thou-
sands of internship listings.
- Online job and industry resources, along with an extensive library of books and professional periodicals.
- Recruiting programs, both on and off-campus, that bring students together with representa-
tives from companies and organizations.

Religious Life and the Multifaith Chaplaincy
Contact: Rev. William Blaine-Wallace, Multifaith Chaplain • 161 Wood Street • 207-786-8272

The Rev. William Blaine-Wallace and Emily Wright-Timko serve as multifaith chaplains. They are available for pastoral conversa-
tion. Bates students are also served by Roman Catholic, Protestant, Jewish and Christian Science chaplains, all of whom keep regular office hours. Representatives of other reli-
gious traditions may be contacted through the Multifaith Chaplaincy. The Multifaith Chaplaincy supports campus religious organiza-
tions embracing diverse spiritual traditions and is eager to support people interested in develop-
ing new organizations.

College Store
Hours: 8:30 a.m.–5 p.m. Monday–Friday, 10 a.m.–4 p.m. Saturday (academic year)
8:30 a.m.–5 p.m. Monday–Friday (summer)
The store stocks textbooks, paperbacks, sundries, clothing, gifts, greeting cards, office and school supplies, Bates-branded products and many other useful and interesting items.

Dining Services
Dining Services opened a new Commons in February 2008. While it preserves Bates’ long
standing tradition of feeding the entire campus community under one roof, this stunning facility makes it possible for us to give your students tan-
talizing meals in a much more comfortable setting.

In addition to the 950-seat dining hall, the new Commons features: marketplace-style serving where Dining Services staffers prepare food at various stations in full view; a variety of study and social spaces designed to meet everyone’s needs, including a cozy fireplace lounge where students can meet friends and chat from early morning until late at night; Milt’s, a “convenience store” that opens early and closes late to provide snacks and supplies.

Hours of Operation
Breakfast: 7 to 10:30 a.m.
Lunch: 10:30–2:30 p.m. (door closes at 2:30 p.m.)
• All stations open for lunch at 10:30 a.m. except the grill, which opens at 11 a.m.
• All stations close at 2 p.m. except the deli and salad, which stay open until 2:30 p.m.
Dinner: 4:30–8:30 p.m. (food service ends at 8:30 p.m. and the door closes at 9 p.m.).

Parents and visitors are always welcome to dine in Commons. Unless you are given a guest pass by the Office of Admissions or an enrolled student, the costs are:

Health Services
The Bates College Health Center is located at 31 Campus Avenue, and welcomes students 24 hours a day, seven days a week, when school is in session.

Bates recognizes that physical and mental health significantly influence one’s ability to participate fully in the College community. The Health Center strives to enhance each student’s well-being by providing comprehensive confidential health care and by encouraging informed individual participation in health-related decisions.
Students with a chronic condition such as diabetes, hypertension, arthritis or emotional issues are urged to contact the Health Center upon their arrival at Bates. Students should ask their physician to send us a summary of their medical records, including instructions for any medications or desensitization injections they receive. Their health can be monitored by the Health Center staff or by a local specialist. Every effort will be made to coordinate care with students’ own physicians.

Students with any illness or injury are urged to come promptly to the Health Center. Nurses are on duty 24 hours a day; they handle many common conditions and make referrals as needed. Nurse-practitioner clinics and physician clinics are held weekdays. A physician is on call at all times. In case of emergencies, Bates students run the College’s Emergency Medical Services on campus, and ill or injured students may be seen or taken by ambulance to one of two nearby hospitals:

Central Maine Medical Center  
300 Main Street • tel. 207-795-0111

Saint Mary’s Regional Medical Center  
99 Campus Avenue • tel. 207-777-8100

Women’s health services are provided by a gynecologist and a nurse practitioner. There is no charge for routine gynecological examinations, although laboratory fees, prescriptions and the cost of special procedures done off campus are the responsibility of the students.

The Health Center has five inpatient beds. Staffed by nurses around the clock, the center is a place where persons requiring care, but not hospitalization, for medical or psychological issues may stay. Students are urged to notify their parents or guardians upon admission.

Personal counseling and psychological services are available at the Health Center, and by referral elsewhere. Services include consultation, assessment, psychological testing and counseling. There is no charge for a limited number of appointments with on-campus counselors, psychologists and psychiatrist. Every effort will be made to see students with urgent problems as soon as possible.

All students will be charged for this policy unless they waive coverage by registering with Bates their own comprehensive policy with at least $100,000 coverage. The insurance fee will appear on the student’s bill for the fall semester, unless the student waives the fee by providing proof of other insurance coverage. Note that the cost of insurance will be factored into the cost of attendance that is used to determine financial aid eligibility and awards. Any U.S.-based insurance company, including MaineCare, is an acceptable alternative to the Bates plan.

International students will be enrolled in a separate dedicated plan underwritten by Nationwide Insurance Co., costing $684 annually. This coverage is also worldwide, but with home-country restrictions. If an international student is already insured by an international program and believes that it provides coverage in the U.S., the student or parent should contact that company directly and obtain a “U.S.A. coverage verification” in writing. Most international insurance policies DO NOT cover claims in the U.S. A copy of the verification letter must be sent to the Registrar’s Office. The student will then be instructed to go to the Garnet Gateway and “opt out” of the international plan.

Throughout the year, the Health Center offers programs on health-related topics of interest to students, including discussions of sexuality, drugs, nutrition, stress management and issues specific to women and to men. A staff health educator provides individual consultations on specific areas of concern and works closely with several student groups including Peer Educators and Students Against Sexual Assault.

Information and Library Services  
Bates College Information and Library Services (ILS) provide computing, library, archival, telecommunication and media services for the College community. The campus computing
network extends to all offices, classrooms and residential rooms, and to many common spaces used for study. Wireless network access is available in all residence halls, most classroom buildings, and places where students gather to work, including the dining Commons. Computing services are offered to faculty, students and staff free of charge, with 24-hour access on more than 50 central servers and on Mac and Windows machines in the public computer areas. Such areas are situated in most academic buildings, with staffed assistance through Help Desk Services in Ladd Library. There are many specialized labs designed to meet the needs of specific academic disciplines.

On most College computers, software is available for word processing, spreadsheets, statistics, modeling and graphics. More specialized software for classroom and research use is also available. The College requires virus protection software and updated operating system patches for all computers on the campus network and provides virus protection software free of charge. The sales department, at 110 Russell Street and on the ILS Web site, sells printers, peripherals and supplies.

Library services are provided in two locations: the George and Helen Ladd Library and the Edmund S. Muskie Archives and Special Collections Library. A variety of study spaces for individuals and groups are available. An expert reference staff helps with research projects and finding material for papers. ILS provides online access to national and international databases; electronic journals; and library catalogs at Bates, in Maine and worldwide. Anticipating that research needs for senior theses and other advanced projects may require the resources of specialized collections elsewhere, the Library provides extensive interlibrary loan services, including direct access through NExpress to the collections of Bowdoin, Colby, Middlebury, Northeastern, Vassar, Williams, and Wellesley, and through MaineCat to all libraries in Maine. Students receive reciprocal borrowing privileges at Bowdoin and Colby colleges. The Bates ID card is required for borrowing at the circulation desk at Bates, as well as those at Bowdoin and Colby.

**Multicultural Center**

The Multicultural Center acknowledges, celebrates and promotes the diverse cultural experiences that each member of Bates College brings to the community. The Center acts as a catalyst for exploring critical issues on campus by initiating discussions about race, class, ethnicity, gender, nationality and sexual orientation, and the historical and current realities that affect understanding of these topics.

Both the Multicultural Center and its affiliated student organizations present speakers, workshops, exhibits, seminars, off-campus study experiences and cultural celebrations. These programs explore and support the intellectual, social, cultural, political and spiritual development of the entire campus. The Center is open to the entire Bates community and the public. The Center plays a unique and important role in supporting students from marginalized communities and cultures.

**Museum of Art**

*Hours: 10 a.m.–5 p.m. Tuesday–Saturday*

The Bates College Museum of Art holds collections focusing on work on paper, including the cornerstone Marsden Hartley Memorial Collection, which features 99 drawings by this important American modernist, a Lewiston native. Rotating exhibitions in the Bates Gallery feature contemporary artists of international stature (plus the popular Senior Exhibition showcasing works by senior art

**Insider Tip**

✅ We all think we know how libraries work, but there may be plenty that your student doesn’t yet know about the Ladd Library. And it’s all too easy to waste precious time in frustrating fruitless searches for research materials. Encourage your student to get to know Ladd by taking a tour and developing the habit of asking the reference desk for help. It’s one of the best ways to start a great career at Bates.
majors each spring), while Collection Gallery exhibitions are more long-term and curriculum-based. Bates students are involved in the museum through internships, access to works for academic study and opportunities to curate exhibitions. Each year the museum welcomes some 14,000 visitors and organizes three major exhibitions and publications.

The museum is part of the Maine Art Museum Trail, a collaboration highlighting Maine’s premiere art collections, at the Bowdoin College Museum of Art, the Colby Museum of Art, the Farnsworth Art Museum in Rockland, the Ogunquit Museum of American Art, the Portland Museum of Art and the University of Maine Museum of Art, as well as at Bates. For more information on exhibitions at Bates and along the Museum Art Trail, visit www.bates.edu/museum or www.maineartmuseums.org.

Registrar and Academic Systems
Contact: Mary Meserve, Registrar
Libbey Forum, 44 Mountain Avenue • 207-755-5949 • E-mail: registrar@bates.edu • www.bates.edu/registrar

Located in Libbey Forum along with the Student Financial Services office, the Office of the Registrar and Academic Systems provides comprehensive support for students’ academic progress through Bates College. The department maintains portions of the Garnet Gateway, a secure online records system where students can view academic information, request enrollment verifications and transcripts, and register for courses. A short service list includes:
• Registration: The Registrar’s Office oversees the course registration process for all students, including the publication of the Schedule of Courses. We assist students with course registration and access to academic information on the Web via Bates’ online student records service, the Garnet Gateway (www.bates.edu/garnet-gateway).
• Enrollment verifications: Many families need enrollment verifications for student health coverage, discounts on student auto insurance, tuition waivers and the all-important ski pass! Self-service enrollment verifications are available on the Garnet Gateway.
• Student academic progress: We provide degree audits and general academic information regarding degree requirements and academic policies to students and families. The registrar and assistant registrar meet with students on a variety of academic issues including degree requirements, graduation and transfer credit, and the service staff is available on a drop-in basis to answer basic academic questions and provide general assistance.

Student Financial Services, Financial Aid
Contact: Wendy Glass, Interim Director
Libbey Forum, 44 Mountain Avenue • 207-786-6096 • E-mail: finaid@bates.edu (for financial aid questions) and finoff@bates.edu (for billing questions) • www.bates.edu/sfs

Located in Libbey Forum, along with the Office of the Registrar and Academic Systems, Student Financial Services (SFS) handles student accounts, accounts receivable and the College’s need-based aid program. Services include:
• Financial aid counseling: Both comprehensive financial aid information and answers to general questions about the aid process are available. Personal and secure information about financing may be accessed on the Garnet Gateway.
• Loans and payment plans: Information about federal student and parent loans, alternative loan programs and the tuition payment plan through Tuition Management Systems is available from the office staff and posted online.
• Account balance information: Students may access information regarding their individual account through the Garnet Gateway or by calling SFS.

Financial Aid
If your son or daughter wants to be considered for need-based assistance from the College, there are several things to do and remember:
• The student must submit an application each year.
• Materials to be submitted include the Free Application for Federal Student Aid (FAFSA), the CSS/Financial Aid PROFILE application, and copies of student and parental income tax returns and W-2 forms. Additional materials may be required. The SFS Web site lists detailed financial aid requirements.
• This information must be filed by April 15. Students and families who do not submit the needed forms by the deadline risk becoming
ineligible for Bates financial aid. Financial aid decision letters for the following academic year are mailed to students at home in early July.

- The SFS Web site includes comprehensive information regarding financial aid, federal and alternative loan programs, and tuition payment plans. Visit www.bates.edu/sfs.

Security and Campus Safety
Contact: Tom Carey ’73, Director
245 College Street • 207-786-6254

Emergency: 207-786-6111 or 6111 on a campus phone

Bates College’s trained, full-time Security officers patrol the campus on foot, on bicycles and in vehicles 24 hours a day. Communications officers are on duty at all times, maintaining constant radio contact with Security personnel and answering phone calls including those from the “blue light” emergency phones located throughout the campus. This office also initiates programs and policies that promote the safety and security of all individuals on campus and protect their personal property as well as College property. If safety or security concerns arise, please contact the Security and Campus Safety Office immediately. The College assumes no responsibility for the loss or damage of personal property. Thefts should be reported directly to Security. In the case of a stolen wallet, a small emergency loan may be accessed through the Dean of Students Office.

All residential structures and the major academic and athletic buildings on campus are equipped with an electronic access control system. This system acts as an external door key for buildings where students have authorized access, based on location and time of day. This allows the College much greater control over which doors are available for entering buildings, when doors are locked and who is authorized to enter.

Security has expanded the College’s emergency notification system utilizing Blackboard Connect, an emergency notification service. Additionally, the College has installed exterior public address speakers around the campus which allow for live announcements from Security.

Harward Center for Community Partnerships
Contact: David Scobey, Director
161–163 Wood Street • 207-786-6202 • www.bates.edu/harward-center.xml

The Harward Center for Community Partnerships embodies Bates’ commitment to placing civic and social responsibility at the heart of the Bates education. Founded in 2002, the Center’s mission is to integrate community engagement and service with student life and learning.

The Center coordinates Bates’ many programs for service-learning, community-based research
and volunteer service, and it oversees the Bates-Morse Mountain Conservation Area. It sponsors community projects in areas as diverse as basic human services, K-12 education, municipal government, environmental education and advocacy; health, public art and culture; and public policy. The Center oversees certain grant programs including the Arthur Crafts Service Awards, for students pursuing service-learning projects during the academic year; Vincent Mulford Service Internship and Research Fund grants, for summertime service-learning projects; and Community Work-Study Fellowships, providing service-learning opportunities for eligible students in community agencies year-round. It also coordinates volunteer opportunities in the Lewiston-Auburn community.

A commitment to collaboration with community partners to meet both civic and academic needs forms the basis for the Center’s work. More than half of the student body engages in academic service-learning and community-based research during their Bates careers — in courses and Short Term units, senior theses or summer fellowships — making community-based learning a distinctive strength of the Bates education.

Writing Workshop
Contact: Patricia Hager, Interim Director
53 Campus Avenue • 207-786-6159 • phager@bates.edu • www.bates.edu/writing-workshop.xml

The Writing Workshop welcomes students who want feedback at any stage of the writing process. Staff members are experienced professional writers with college-level teaching experience who provide supportive and insightful instruction. The Writing Workshop offers individual writing conferences, a resource library and small-group workshops, and sponsors several creative writing groups. The Writing Workshop staff assists students in analyzing assignments, planning, writing and revising drafts, and developing clear, concise prose.

Mathematics and Statistics Workshop
Contact: Grace Couloumbe ’94, Director
Canham House, 146 Wood Street • 207-786-8374 • www.bates.edu/acad/acad_support/msw/index.html

Dedicated to encouraging quantitative literacy and reasoning, the Mathematics and Statistics Workshop offers a variety of tutoring and help sessions to students seeking assistance with mathematical reasoning and comprehension. Two-hour calculus study sessions are conducted by student tutors each weeknight throughout the fall and winter semesters, and one-on-one assistance is available for students in any course requiring a command of quantitative or statistical skills.

Insider Tip
✓ Individual writing conferences are by appointment. As the semester progresses, the Writing Workshop becomes busier and busier. Encourage your student to book appointments early and often!
RESIDENTIAL LIFE AT BATES

The Residential Life Program seeks to create living environments within College residences that are conducive to learning, friendship and community. Integral to our vision for residential life is our belief that the residential component of a liberal arts education should have a programmatic element that complements and supports the educational mission of the College.

The Dean of Students Office is directly responsible for residential life. Residence coordinators work in conjunction with the deans for the welfare of the residents in their buildings. Physical maintenance of the residence halls is administered by the director of Physical Plant. Individual residence-hall and food-service contracts with students should be consulted for details of residential regulations.

HOUSING AT BATES

Housing Options

Bates is a residential college. On-campus housing is guaranteed for four years, and is mandatory for all students except for those seniors who have been granted special permission by the Dean of Students Office to reside off campus. The quality of residential life at Bates is considered an influence on students’ academic achievement and overall personal growth.

A wide range of housing options is available. Seven traditional residence halls house from 40 to 165 students each, and 25 houses, mostly Victorian in style, each accommodate five to 30 students in a variety of room types that offer a more homelike atmosphere.

Most rooms on campus house two students, although singles, triples, quads and suites are available. Some residences are coed and some are single-gender. All first-year students have at least one roommate and are clustered in groups of 12 to 16 students in areas designated as “first-year centers,” which are wings or floors reserved for them to live with the upperclass men and women who serve as junior advisors.

Off-campus housing is available each year to a limited number of seniors. These seniors are permitted to move off campus in order to experience independent living before graduation. Off-campus students can elect to keep or drop the meal plan.

Residence Coordinators and Junior Advisors

Residence coordinators (RCs) and junior advisors (JAs) are resident peer advisors who work in conjunction with the Dean of Students Office and other College offices. As described above, first-year students live in groups of up to 16 in a designated area with a JA. The JAs help entering students make the transition from secondary school to college and integrate into the academic and social life of Bates.

RCs serve primarily as administrative liaisons for upperclass students living in College residences. Other duties of the RCs include programming events, mediating and resolving disputes, and working in conjunction with the Dean of Students Office to address issues pertaining to residential life.

Room Assignments and the Lottery

Room assignment for new students is an important process. Early in the summer new students receive a packet of information that includes instructions on how to fill out the online Residence and Roommate Selection Form, available through the Garnet Gateway on the Bates Web site (abacus.bates.edu/garnet-gateway/). The questionnaire helps the Housing Office make the best possible matches for all new students.

Housing options available to new students include: an all-first-year student residence hall or house; all-class-years buildings; an all-first-year chemical-free house (no alcohol, tobacco or other drugs); or all-classes “low-chem” residence halls, in which alcohol possession is restricted even among upper-class students. New students are asked to rank their preference for each of these options, and the Housing Office strives to meet as many of these preferences as possible. Due to limited space and high demand for certain housing options, it is difficult to meet the first choice of every entering student.

The College believes that learning to live with another person is an important part of the first-year experience. First-year students will not be placed in singles and should look forward to the
opportunity to get to know other members of the entering class. We hope that residential life will be a rewarding part of the Bates experience for every student.

Housing for rising sophomores, juniors and seniors is determined by a lottery system. The following year’s seniors have first pick of rooms on campus, followed by the next year’s juniors and finally the rising sophomores. A randomly generated number is assigned to each student. If a student decides to cancel his or her housing assignment after selecting a room with a roommate(s) using his or her lottery number, the remaining occupant(s) of that room may be removed from the room and required to go through the fall selection process to be assigned a new room. Often only juniors and seniors have lottery numbers low enough to procure single rooms.

**Room Changes**

We hope that the process of living and negotiating with another new student is successful and rewarding. We also intend that the process be educational. There is often a need for students to mediate differences, make compromises and reach a point where they can live together successfully. The junior advisor can play an important role in facilitating this process for first-years, while residence coordinators mediate among upperclass students.

Sometimes roommates believe it might be best for them to no longer live together. When a room change is needed, it is important for students to communicate with the Housing Office. Parents should urge their sons and daughters to try to work through issues with their roommates and then to consult the Housing Office, as it is essential for students to learn to advocate for themselves in this process. The Housing Office maintains a list of available spaces. If the student is able to facilitate the change by switching with another student or moving into an open space, the student must nonetheless obtain approval from the Housing Office. If a student has changed rooms without obtaining the appropriate permission, a $200 room charge may be assessed to his or her account and the student will be required to return to the original room.

The Housing Office maintains all records for the residence halls and houses, including an accurate list of where students live.

Patience is key to the room-change process. Students sometimes feel that their situation needs to be handled immediately, but this isn’t always possible. There can be multiple students at any given time who require a room switch, and the Housing Office must prioritize the needs of each situation. Moreover, the Housing Office will work directly with students and attempt to respond to their concerns when possible. The office moves as quickly as it can to resolve each situation. Parental intervention on behalf of any student runs counter to our philosophy that students need to develop problemsolving skills while at Bates and should devise solutions to their concerns independently.

**Dorm Damage**

Students are responsible for any damage caused to their own rooms. Damage to common areas is assumed by the person or group deemed responsible. When it is impossible to identify the responsible party, charges for repairs are billed to all building residents. Charges will appear on semester bills. Failure to pay dorm damage charges may lead to transcripts being withheld and/or disciplinary action. Willful destruction of property will result in disciplinary action. If you have a question regarding your student’s dorm damage charges, please contact David Larrabee in Physical Plant at 207-786-6205 or e-mail: dlarrabe@bates.edu.

**Safety and Privacy**

In taking a room in a residence hall, a student assumes responsibility for the use and general care of the room and its furnishings. The College respects the students’ right to privacy and their desire to control their own living environment, but this is balanced with the College’s responsibility to provide good-quality and safe residential facilities. Therefore, the College retains the right to enter students’ rooms, in cases of emergency or with cause, and only with permission of the Dean of Students or his/her designee with the reason for the examination and the objects or information sought.
**Furnishings**

Each resident student is furnished with a bed, bookshelf, desk, desk chair and bureau. The provided furniture must remain in the room at all times. To ensure adequate space, please check room dimensions and layout before bringing additional furniture. Students should bring their own lamps (non-halogen), blankets, towels, sheets (mattress size is 35-by-80) and pillows. Water beds are not permitted, but lofts may be constructed according to regulations set forth by the Safety Office, which is located in Human Resources.

**Vacations**

To protect students’ safety and property, residences will be closed during some vacations. Students are not permitted access except in the presence of College personnel. Rooms will be available for occupancy one day prior to the opening of each term and will be closed at the end of the examination period. The College may provide residential accommodations for certain vacation periods to a limited number of students by prior arrangement. Whenever such an opportunity arises, the Dean of Students Office will notify all students in advance.

**Storage of Students’ Personal Items**

The College has a limited amount of space for student storage. The College cannot assume any legal or financial responsibility for property left in designated storage areas. But the College will attempt to safeguard all property left in these designated storage areas if securely packaged in accordance with the storage policy and tagged with Bates College Student Storage Tags. The student’s identification (name, class year and address) should also be listed inside the package, in the event that the exterior tag is separated from the package. No storage is provided for graduating seniors and there is a one-year storage limitation for underclass students. After that time, the items will be considered “abandoned,” and the College will dispose of them. The Storage Policy is posted at all storage locations and may be obtained from the Physical Plant office.

**Personal Property Insurance**

Although damage to personal property due to fire, flood or other disaster is not common, such damage could occur. In the event of such a misfortune, the College would like to ensure that parents and students are aware of the College’s position on such matters, and that families are adequately prepared. In the event of damage to personal property, the College will make every effort to assist students in their time of need, but cannot accept any financial burden. The College encourages parents to investigate their homeowners insurance to see if the student’s personal belongings are covered. In the event that your policy does not provide coverage in this situation, most companies allow extensions to be made on existing policies. The College recommends that parents have some sort of protection in the unlikely event of such an occurrence.

**Banking**

The College has arranged for every student to have a SimplyFree checking account with TD Bank, if desired. The bank account requires no minimum balance and imposes no monthly maintenance fees.

A full service ATM is located in Chase Hall and a “withdrawals only” ATM is located in the new Commons. With a TD Bank account, students may obtain cash from the ATM with no fee. Other bank cards will also work in the ATM, but each transaction will incur fees.

**MEAL PLANS**

While Bates is in session, the College meal plan provides for three meals a day Monday through Saturday, and brunch and dinner on Sunday. The first meal of each semester is dinner prior to the beginning of classes and the last meal follows the conclusion of final examinations. Food service is limited during most vacations. All on-campus students are on the meal plan. Off-campus students may purchase meal privileges by the semester at the Student Financial Services office or by the meal at Commons. Dining hours for Commons are posted in Chase Hall. Guests may dine at Commons according to the following fee schedule: breakfast, $4.25; lunch, $6; dinner, $7; brunch, $6.75.

The kitchen and dining facilities at Frye Street Union and at certain residences are also available on a reserve (“blueslip”) basis for dinners and other gatherings.
CARS AND PARKING

The city of Lewiston restricts parking from Dec. 1 through April 15. During this period, parking on the street overnight is banned and on many streets one side is completely closed to parking.

Vehicle Registration
All student vehicles must be registered with Security and display a College parking permit or a temporary permit. Parking permits are allocated through a lottery system administered by the Bates College Student Government. The permit fee is $75 per academic year. Visitor permits are free. Vehicles must be insured for $25,000–$50,000 minimum liability and display a valid inspection sticker from the state in which they are registered. Any vehicle parked on Bates property without valid registration may be towed and stored at the risk and expense of the owner and/ or operator. Junior-class students going abroad one or both semesters need to plan ahead by participating in the spring lottery to gain or retain a parking permit when they return.

Parking Violations
Parking tickets are issued when drivers violate parking regulations. Campus parking privileges are revoked for the academic year after five violations. All tickets are billed to student accounts if the owner is known. All tickets may be paid at the Student Financial Services office or appealed to the Security office/Parking Appeals Board within seven days of ticket issuance. Fines vary from $10 to $75 depending upon specific violations.

EXTRACURRICULAR LIFE

Bates has more than 90 student organizations, 28 intercollegiate athletic teams, intramural and club sports, and a diverse fine-arts program. All of these help sustain an exciting and diverse campus life. Most Bates students participate in one or more of the clubs or committees, nearly 60 percent in an intramural or club sport, and one-third compete on a varsity team. To further ensure a balanced social life on campus with a variety of options for students, Bates provides extensive programming that highlights nonalcoholic alternatives. This includes the biweekly Village Club Series, directed by the Student Activities Office, and the regular activities at The Ronj, the student-run coffeehouse on Frye Street, which operates late into the evening.

The Dean of Students Office and the Department of Athletics have also initiated the Healthy Choices program as a vehicle for alcohol education and alternative programming. Through this program, student athletic leaders work to challenge alcohol abuse through peer education and an expanded intramural program. The program also selectively markets certain intramural programs to first-year students as an alternative to other unstructured social activities where alcohol may be present.

STUDENT IDENTIFICATION CARDS

The Bates student ID card is provided to each registered student. The card is used as a picture identification card, a library card, a meal plan ID and as an electronic “key” to student residences, athletic facilities and some academic buildings. Students can enter their home dorms around the clock, and all other student residences from 7 a.m. to midnight Sunday through Thursday and 7 a.m. to 2 a.m. Friday and Saturday. The student ID card can also serve as an ATM card for TD Bank accounts at certain locations (see Banking, opposite). Replacement cards are issued by the Access Control Office in Chase Hall, with a $25 fee charged for the replacement.

Insider Tips

Parking decals are not transferable from one student vehicle to another. Violations will result in a student conduct report to the Dean of Students Office, which may result in a loss of parking privileges.
PERSONAL RESPONSIBILITY AND SOCIAL CONDUCT

Traditionally, Bates has taken pride in the responsibility of its students and the social and educational atmosphere of its campus. We do hold our students responsible for their conduct at all times. Any student who becomes disorderly, is involved in any disturbance, interferes with the rights of others, damages property, brings the name of the College into disrepute, or is involved, as an individual or part of a group, in unacceptable social behavior on or off campus may be subject to disciplinary action by the Student Conduct Committee.

Academic Misconduct
Academic dishonesty, in whatever form, diminishes the integrity of education at the College. Such conduct is a serious offense, subject to stern disciplinary action. Academic misconduct falls into three categories: plagiarism, cheating and falsifying results or data.

Social Misconduct
Cases of social misconduct usually fall into one of several general categories. While not exhaustive, the following categories illustrate the expectations of the College and provide examples of misconduct subject to College discipline. Many of these categories may have a counterpart in the State of Maine Criminal Code. Students and parents must realize that addressing a violation of the College’s code of conduct does not exempt the individual from prosecution by proper authorities under criminal or civil code.

Categories include:
1. Actions against persons;
2. Actions against property;
3. Dangerous or disorderly conduct;
4. Actions against the institution;
5. Obstruction of the College’s judicial or disciplinary procedures.

Alcohol and Drug Abuse Policy
Bates College continues to affirm the value of individual autonomy in making decisions about one’s life, and will continue to make education and consultation its chief strategies for meeting its responsibilities. In accordance with the Drug-Free Schools and Communities Act, the College reaffirms standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees, on the College’s property or as part of any of its activities.

We will always use our counseling resources to help students involved with drugs. But the
College bears the major responsibility for the welfare of the student body. Therefore, possession, distribution or use of illegal drugs and narcotics renders a student liable to disciplinary action, including confiscation of materials and dismissal. Student violations of Bates policies governing drugs and alcohol are subject to disciplinary actions, which may include referral to counseling, revocation of the privilege of using College facilities for certain events if student groups or organizations are involved, and/or referral of individuals to the Student Conduct Committee.

Policy Regarding Sexual Violence
Bates denounces the use of violence directed against any individual or group. We, the College community, regard sexual assault as a violent crime, a particularly heinous form of sexual harassment, whether committed by a stranger or an acquaintance on or off campus. We condemn the commission of sexual assaults and believe persons charged with such offenses should be dealt with promptly and fairly through the courts and our own judicial system. Moreover, we rededicate ourselves to eradicating hostile settings in which our ability to work, study, live and learn together is inhibited. Finally, we pledge assistance through the various departments of the College in aiding survivors of assault to determine how best they may regain control over their circumstances.

Student Conduct Committee
Cases of misconduct that are not resolved through an individual meeting with a dean or through mediation, and that are more serious than can be resolved by a dean’s review, are heard by the Student Conduct Committee (SCC). The dean refers all major cases of misconduct to the Student Conduct Committee. A major case of misconduct is any case wherein, in the judgment of the dean, appropriate disciplinary action if taken might involve probation, suspension or dismissal.

The SCC holds hearings, determines whether or not a violation of College policy has occurred and assigns appropriate penalties. Students whose misconduct is addressed through an SCC hearing have an opportunity to offer their account of the events in question and can provide the committee with relevant information that might explain the conduct. The committee may also hear from several types of additional witnesses.

The SCC deliberates in closed session to determine whether College policy has been violated. The committee also decides what penalties to impose. Sanctions that may be imposed by the committee include but are not limited to:
1. Verbal warning;
2. Letter of censure;
3. Exclusion from various College social and/or ceremonial activities;
4. Disciplinary probation;
5. Mandatory referral to a counseling program;
6. Suspension for a designated period of time;
7. Suspension with readmission contingent on proof of counseling or successful completion of a rehabilitation program; and/or
8. Dismissal from the College.

The College reserves the right to involve law enforcement authorities and/or undertake legal proceedings against a student. The official and complete description of the SCC and its guidelines appears at www.bates.edu/x35305.xml.
FINANCING A BATES EDUCATION

Students who demonstrate financial need according to Bates’ standards of eligibility are usually awarded a grant that does not have to be repaid, a low-interest student loan and a campus job (although students with very little need may receive only loan and work assistance). In the 2007–08 academic year, grants from Bates ranged from a few hundred dollars to more than $48,000.

First-year students should note that financial aid awards are not considered final until all required documents, including family tax returns and W-2 forms, are received and matched against PROFILE and FAFSA information previously submitted.

Fees and Due Dates
Tuition, room, board and fees for all students residing at Bates College are included in one comprehensive fee. When a student enrolls, he or she incurs a financial obligation to Bates. The total due after subtracting financial aid must be received by the due date each semester.

Payments are due on the following dates each year:
May 1 Registration Deposit (new students only)
Aug. 1 Fall Semester
Dec. 1 Winter Semester

Semester invoices and monthly statements are addressed to the student and mailed to the person(s) designated by the student to receive the bill. If no individuals are identified to receive the billing statement, then statements are mailed to the student at his or her permanent mailing address. Students have the option to use the Garnet Gateway, the college’s administrative record system, to direct the mailing of bills to anyone else assisting with the payment of the bill. Students may view and track account activity at any time through the Garnet Gateway. Payment in full is expected by the due dates for each semester, listed above. If payment is not received, the student may become ineligible to register for classes, receive grades and transcripts, choose campus housing and graduate.

Late fees may be assessed on balances that remain unpaid after the due dates.

Bates offers a monthly payment plan through Tuition Management Systems. Information is available by phone at 800-722-4867 or online at www.afford.com/bates.

Some off-campus Short Term units involve extensive travel elsewhere in the United States or abroad. Additional charges are assessed to cover the costs of transportation, facilities and accommodations required by such programs. The nonrefundable deposit is due on Feb. 15 each year. Payment for all additional costs is due March 15. Please see the Bates College Catalog for more information.

Refund Policy
Students who leave Bates during a semester are required to apply in writing and complete a leave-of-absence form or a withdrawal form through the Office of the Dean of Students. Refunds are issued by the Office of Student Financial Services, upon request, after a leave or withdrawal has been granted. Students with-
drawing on or before the 50th day of a full semester receive a prorated refund of the annual charge, as follows:

On or before the first day of classes, 100 percent; two–10 days, 90 percent; 11–20 days, 75 percent; 21–30 days, 50 percent; 31–50 days, 25 percent; more than 50 days, no refund.

In accordance with federal regulations, the first day of the leave or withdrawal is the date indicated by the student on the leave of absence or withdrawal form. If no date is stipulated by the student, the first day of the leave or withdrawal is defined as the last day the student attended any class. Students who withdraw prior to the beginning of either the first or second semester must notify the College by May 14 or Nov. 1, respectively. For information concerning financial aid, payment plans or bill payment, please visit the SFS Web site at www.bates.edu/sfs or contact: Office of Student Financial Services, Libbey Forum, 44 Mountain Avenue, Lewiston, ME 04240 • 207-786-6096 • Fax: 207-786-8350 • E-mail: finoff@bates.edu

**Campus Employment Opportunities**

Bates offers many opportunities for students to earn money and gain valuable skills through campus and work-study jobs. The Student Employment Office is a student-managed division of the College’s Department of Human Resources. The office is an intermediary between student employees and employers, and is a resource center for issues concerning student employment. The primary function of the Student Employment Office is to assist Bates students in securing on-campus employment by facilitating and regulating the application process. The office also posts off-campus positions, ranging from tutoring jobs in the surrounding community to work-study positions at Maine nonprofit organizations. The Student Employment Office is located at 220 College Street, and may be reached at 207-786-6303 or seo@bates.edu.
Bates is a coeducational, nonsectarian, residential college with special commitments to academic rigor and to assuring, in all of its efforts, the dignity of each individual and access to its programs and opportunities by qualified learners. Bates prizes both the inherent values of a demanding education and the profound usefulness of learning, teaching and understanding.

Bates was founded in 1855 by people who believed strongly in freedom, civil rights and the importance of a higher education for all who could benefit from it. Bates is devoted to undergraduate education in science and the arts, and a commitment to teaching excellence is central to the College’s mission.

The College is recognized for its inclusive social character. There are no fraternities or sororities, and student organizations are open to all. When it was founded, Bates was the first coeducational college in New England and admitted students without regard to race, religion, national origin or gender.

In the mid-19th century, Oren B. Cheney, a Dartmouth graduate and minister of the Freewill Baptist denomination, conceived the idea of founding the Maine State Seminary in Lewiston. Within a few years the seminary became a college, and it was Cheney who obtained financial support from Benjamin E. Bates, the Boston manufacturer for whom the College was named.

Cheney is now honored as the founder and first president of the College. He was followed in 1894 by George Colby Chase, who led the young institution through a period of growth in building, endowment and academic recognition. That growth continued from 1920 to 1944 under President Clifton Daggett Gray, and through 1966 under President Charles Franklin Phillips. Thomas Hedley Reynolds, the College’s fifth president, brought national attention to Bates by developing a superior faculty and innovative academic programs. Donald W. Harward, Bates’ sixth president, served from 1989 into 2002. Under his leadership, the College community examined the challenges facing it and planned how it must respond in the 21st century.

Elaine Tuttle Hansen took office as Bates’ seventh president, and first woman president, in July 2002. She came from Haverford College, where as chief academic officer she became known for strong faculty recruitment and the advancement of major new interdisciplinary programs. Her scholarly specialties range from Old English and Chaucer studies to contemporary women writers. Soon after arriving at Bates, she initiated a first-of-its-kind comprehensive facilities master plan, and is presiding over the planning for an improved campus, with emphasis on facilities that enhance student life.

Bates has limited its admissions and grown slowly, yet has also pursued an ambitious program of building and equipment acquisition to support academics and student life. Major dormitory and classroom projects were completed during the last decade, and Bates has recently added several athletic facilities, notably a new squash facility and the Bert Andrews ’74 Room, a cardio fitness center in Merrill Gymnasium. A new student housing facility was completed in summer 2007, and in January 2008 a new dining Commons and the cross-campus Alumni Walk were opened.

Bates values the diversity of persons, perspectives, and convictions. Critical thinking, rigorous analysis, and open discussion of a full range of ideas lie at the heart of the College’s mission as an institution of higher learning. The College seeks to encourage inquiry and reasoned dialogue in a climate of mutual respect. Bates does not discriminate on the basis of race, color, national or ethnic origin, religion, sex, sexual orientation, gender identity or gender expression, marital or parental status, age, or disability, in the recruitment and admission of its students, in the administration of its educational policies and programs, or in the recruitment and employment of its faculty and staff.
