**BATES ENERGY ACTION MOVEMENT**
BEAM is a student-run campaign dedicated to taking action against anthropogenic global climate change through direct political participation and the promotion of carbon neutrality at Bates.

**ENVIRONMENTAL COALITION**
The EC focuses on improving environmental responsibility at Bates, in Lewiston-Auburn, and on a national scale. The EC works towards these goals by campaigning for changes to specific college policies, educating students, and drawing attention to crucial issues outside of Bates.

**BATES OUTING CLUB**
As part of the Bates community, you are automatically a member of the B.O.C. The B.O.C. sponsors trips in the New England wilderness throughout the year that may involve day hiking, backpacking, canoeing, swimming, skiing and snowshoeing.

**Sustainable Bates**
A Community in Action!

STUDENT PROGRAMS

BATES BIKE COOP
Bates now has a Bike Coop. Students, faculty, and staff can use community bicycles for getting around campus and to nearby destinations like the grocery store. You can join the Bike Coop for a small annual fee and get a key to access any of the ten bicycles parked around campus.

TRASHION SHOW
Dining Services and the environmental coordinator team up to bring trash into fashion! This annual event features students & staff designing and modeling clothes made out of recycled materials.

ZIPCAR PROGRAM
Two Hybrid Priuses are available for use 24 hours a day, 7 days a week to staff and students who join Zipcar. You can join for $35 a year and will gain access to the cars for $7 per hour or $55 per day. Gas, insurance and reserved parking are all included in the membership fee.

SUSTAINABILITY HOUSES
Two houses on Frye Street have been officially designated as Environmental Sustainability Theme Houses for the 07/08 school year. There are forty-one students living in these houses.

TAKE A MUG/LEAVE A MUG PROGRAM
Bates is the first college in the nation to institute this type of program, which provides students with reusable lidded coffee mugs instead of paper cups to take drinks from the dining hall. When they're done, they simply return the mugs to dining for washing and pick up a clean one.

RECYCLEMANIA!
Each Winter Bates completes with over 200 colleges & universities nationwide to see who can recycle the most. The competition lasts ten weeks and the winner gets the coveted Recyclemania Guy trophy.
